DIVISION OF CORPORATE, CONTINUING AND DISTANCE EDUCATION

UMASS BOSTON

Key Dates & Deadlines

Fall 2010 Academic Calendar

Registration Deadlines

Registration begins	July 26 (M)
Early registration deadline	Sept 7 (Tu)
Late registration begins	Sept 8 (W)
Financial aid deadline	Sept 14 (Tu)
CCDE *Online Shopping Cart* closes	
Off-campus courses	closes 8:30am, First class meeting
Friday courses	closes 8:30am, Sept 17 (F)
Saturday/Online courses	closes 3:00pm, Sept 17 (F)
Drop deadline[1]	Sept 21 (Tu)
Deadline for 100% refund	Sept 21 (Tu)
Add/change deadline	Sept 28 (Tu)
Deadline for 50% refund[2]	Sept 28 (Tu)
Pass/Fail/Withdrawal deadline	Nov 12 (F)

1. A course dropped after the Drop deadline will be treated as a withdrawal, and a "W" will be recorded as a grade for the course, unless another course is added at the same time. Simultaneous drop/adds will be possible without incurring a "W" for the dropped course until the Add/Change deadline. However, these transactions may not be done by students using self service WISER, but must be done by staff.

2. No refunds will be given after the 50% refund deadline. For refund policy information, please see page 65 or visit ccde.umb.edu.

Holidays & Vacations (University closed)

Labor Day	Sept 6 (M)
Columbus Day	Oct 11 (M)
Veteran's Day	Nov 11 (Th)
Thanksgiving Break	Nov 25-27 (Th-Sa)

Start/End Dates

On-Campus Friday/Saturday Courses

Classes begin	Sept 17 (F); Sept 18 (S)
Classes end	Dec 10 (F); Dec 11 (S)
Makeup/Snow day	Dec 17 (F); Dec 18 (S)

Braintree and Copley Courses

Classes begin	Week of Sept 13
Classes end	Week of Dec 6
Makeup/Snow day	Week of Dec 13

Plymouth and Technical Education Courses

Classes begin	Week of Sept 13
Classes end	Week of Dec 13
Makeup/Snow day	Week of Dec 20

Online Courses

Classes begin	Week of Sept 13
Classes end	Week of Dec 6

Please Note: If a course has start/end dates that differ from those listed above, they are noted in the Course Matrix schedule information.

Final Exams are held on the last day of class unless otherwise indicated by the Instructor.

Registration Information

For more information about registering for CCDE courses, see pages 66-68 of this bulletin, call 617.287.6200, or visit ccde.umb.edu.

One Stop Office Hours

M-Th 8:30am-6:00pm; F 10:00am-4:00pm

Extended Hours S Sept 18, 8:00am-3:00pm

Registration and refund policies: please see pages 64-66 or visit ccde.umb.edu/moreinfo/registration/how

About CCDE

UMass Boston's Division of Corporate, Continuing and Distance Education (CCDE) brings the excellence and value of a UMass Boston education to a wider audience, making the resources of Boston's public research university available to meet the needs of the greater Boston community, the Massachusetts workforce, and the global economy. Through off-campus, weekend, summer and winter courses, online learning, degree and certificate programs, international programs, and corporate and professional training programs, we extend UMass Boston's reach and expand its contribution.

Here's a quick look at what CCDE has to offer:

Off-campus and weekend courses. During the fall and spring academic semesters, we offer undergraduate and graduate courses weekday evenings at off-campus sites in Boston's Copley Square, Braintree, Plymouth, and elsewhere, as well as on-campus courses on Friday evenings and Saturdays. The scheduling flexibility these courses offer appeals both to working adults and to matriculated UMass Boston students.

Online learning. UMass Boston has been offering online courses through CCDE for almost a decade, and the breadth and quality of our online programming are increasingly recognized within the higher education community, as evidenced by the awards our programs have won and continue to win. Last year we offered more than 300 online courses, as well as online bachelor's and master's degrees, certificates, and professional training programs. We are proud to be part of UMass Online, the system-wide consortium that supports and promotes innovative online programming at all five University of Massachusetts campuses. See page 40.

Degrees and certificate programs. CCDE currently offers eleven master's degrees and two bachelor's degrees, all available entirely online (some degrees are also available in face-to-face format, or as a combination of online and classroom study). We also offer a wide variety of graduate and undergraduate certificates. Our degrees and certificates, developed and delivered in collaboration with the University's colleges and academic departments, are geared to help meet the career goals of professionals in fields such as health care, human services, education, and information technology. See pages 41-46.

Fri 8:30am–4:30pm

Summer and winter programs. For over 30 years, CCDE has administered UMass Boston's summer program, which has grown into one of the largest university summer sessions in New England. Each year we offer over 600 courses in sessions starting in May and July. Our summer courses, institutes, and study-abroad programs are popular not only with UMass Boston students but with students from other colleges and universities as well as adult professionals such as educators, counselors and nurses. CCDE also administers the University's winter session program, offering courses that meet for several hours a day over an intensive three-week January session, as well as study-abroad programs in destinations such as Mexico, Jamaica and India.

International and English Language programs. UMass Boston is an increasingly international university, and CCDE is one of the major reasons why. We offer study-abroad programs in both summer and winter sessions, sending students to Latin America, Europe, Africa and Asia to study everything from management to archaeology. In addition, our online courses and programs serve a global audience, and our China Program Center advances scholarly and business collaborations between China and America through innovative programs for both American and Chinese audiences. Our successful English as a Second Language programs have brought students from all over the world to study English at UMass Boston; many of these students go on to matriculate at the university, enriching the diversity of the campus experience. **See page 53.**

Corporate and professional training. CCDE plays a key role in fulfilling UMass Boston's workforce development mission through training contracts with corporations and government agencies, as well as through non-credit courses, seminars and certificate programs offering training in high-demand knowledge areas such as project management, information design, human resource management and substance abuse counseling. **See pages 47-52.**

= Course available online · = Award-winning

= International Program

Accounting and Finance

Personal Finance — AF 201

Introduces students to planning and managing personal and family finances. Topics include insurance and estate planning, relationships with banks, issues in home ownership and real estate, the fundamentals of investing in stocks and bonds, tax planning, leasing as compared with buying automobiles, and financing college education. This course cannot be counted toward the finance or accounting concentration in the College of Management.

3 Credits

Financial Accounting — AF 210

Presents the theory and techniques of financial accounting. The course encompasses the basic functions of collecting, processing, and reporting accounting information for interested third parties (e.g. owners, investors, and government) and enables students to analyze, interpret, and use accounting information effectively.

3 credits

Prerequisite: a minimum of 30 credits. MGT students only.

Managerial Accounting — AF 211

Presents the theory and technique of managerial accounting, from the particular perspective of the manager. The course covers the identification and analysis of the behavior of costs within the organization, and illustrates how managers use such knowledge for planning and control. Major topics include responsibility accounting, comprehensive and cash budgeting, standard job order and process cost systems, cost-volume-profit analysis, cost allocation, activity-based costing, standard costs, and variance analysis.

3 credits

Prerequisite: AF 210 and a minimum of 30 credits MGT students only.

Africana Studies

Introduction to Africana Studies — AFRSTY 101

This course presents an overview of the major theories in the field of Africana studies. It seeks to explore the Africana experience in a way that is orderly, systematic, and structurally integrated; and to convey an understanding of the cultural, historical, and political roots of this experience. The course focuses chronologically on major historical episodes through a study of ancient African civilizations, slavery, colonialism, and African liberation movements.

3 credits Dist WC Div I

African Images in Literature — AFRSTY 150

This course examines the different ways in which African writers have represented the continent of Africa by focusing on their struggle to develop authentic forms and images. Through the reading of selected folk tales, novels, and poems from different African societies, participants consider such issues as the influence of colonialism on creative writing; the politics of African culture; race and class; the images and status of women.

3 credits Div I

American Studies

Popular Culture in America — AMST 101

This course introduces students to the varieties of popular culture in America, including popular literature, live entertainment, radio, movies, and television. In-depth case studies of such particular forms of popular culture as humor and music are included. In class viewing and listening accompany case studies.

3 credits Dist HU

The Sixties — AMST 206

The course focuses on protest and the role of youth. Who protested and why? Was the phenomenon of the sixties an aberration or part of a larger radical tradition in America? What was the impact on the seventies? Readings are drawn from the works of participants in the student, black, feminist and peace protest movements, from the intellectuals who defended and attacked them, and from the growing body of retrospective, analytic, and historical literature which attempts to explain what really happened in that tumultuous decade.

3 credits Dist HU Div U

Prerequisite: ENGL 102.

American Dreams/American Realities: Men and Women in Society and Culture 1600-1860 — AMST 210

Documents, diaries, letters, essays, fiction, and art, along with secondary historical and anthropological sources, are used to compare the dreams and realities of men's and women's lives in America from the first contact between European explorers and Native Americans up through the Age of Reform (1830-60). Topics include visions of landscape and nature; contrasting cultures of Indians and Anglo-Americans; family and "women's place"; slavery; working class organization; and women's rights.

3 credits Dist HU Div U

Prerequisite: ENGL 102.

Anthropology

Introduction to Biological Anthropology — ANTH 105

The study of human biological evolution and human population variation. This course introduces the history, theory, and methods of research in biological anthropology through lectures and hands-on exercises. Major topics include: geological time, classification, and the place of humans in the animal world; evidence for primate and human evolution; evolutionary theory and genetics; and discussion of the evolutionary forces involved in producing human population variation. This course addresses, in assignments and during class time, the following general education capabilities: critical thinking; using technology to further learning; quantitative reasoning; collaborative work; and effective communication. Students who have taken ANTH 102 may not receive credit for ANTH 105.

3 credits Dist NS

Introduction to Cultural Anthropology — ANTH 106

An introduction to the anthropological study of cultures, based on ethnographic descriptions and analyses of tribal, developing, and modern state societies. The course explores a variety of concepts and approaches to the study of culture, and participants acquire experience in critical reading, critical thinking, and analytic writing. Students who have taken ANTH 103 may not receive credit for ANTH 106.

3 credits Dist SB

Indigenous Peoples and Cultural Change in Amazonia — ANTH 220G

This course focuses on indigenous peoples of South America's Amazon region, and persistence and change in their cultures and histories, from 1500 to the present- especially in response to European colonizers, missionaries, modern states, and contemporary rain forest development. Participants consider the human rights issues involved, and critique conventional European representations of Amazonians, in ethnography, literature and film. Capabilities addressed: Critical reading, critical thinking, clear writing, academic self assessment, collaborative learning, information technology.

3 credits

Prerequisite: ENGL 102, and a minimum of 30 credits. Degree students only .

Dreams & Dreaming ANTH 262

A cross-cultural exploration of dreams and dreaming across cultures, with general attention to the western Pacific, and the Mekeo people of Papua New Guinea in particular: review of the anthropology of dreams in the context of theoretical works by Freud and Jung, and recent neurobiological studies; and , the relationship of dreams to notions of the self, person, and individual.

3 credits

Peoples and Cultures of the Middle East ANTH 271

An examination of historical and socio-political forces in the formation of the contemporary Middle East; the cultural, ethnic, and economic diversity of modern nation-states in this region; neo-colonialism and imperialism as persisting obstacles to development and progress in this part of the world; and the role of Islam in reformist and revolutionary movements.

3 credits Div I

Peoples and Cultures of Africa ANTH 272

An in-depth study of selected African societies, examining traditional institutions, the colonial situation, and modernization.

3 credits Dist WC Div I

Social and Cultural Perspectives on Witchcraft and Sorcery ANTH 367

Beliefs about people with extraordinary powers to cause harm or good are found in societies of different types and in different periods in history. This course examines such beliefs in a number of different cultural, geographical, and historical contexts in order to demonstrate ways in which anthropologists and other social scientists approach the more general problem of understanding the function of belief systems in human society. The course does not teach techniques of witchcraft or sorcery.

3 credits Dist WC

Prerequisite: Sophomore standing or higher or permission of instructor.

Arabic

Elementary Arabic I ARABIC 101

Arabic 101 is designed for students with no previous knowledge, or very limited knowledge of the Arabic language. The first part of this course focuses on learning the script, sound and writing systems in Arabic. Building upon these skills, in the second part of the course, we will focus on the four communication skills (reading, speaking, listening and writing) of Modern Standard Arabic (MSA). We will also immerse ourselves in Arabic language and culture through various activities designed around the audio-visually enhanced Maha and Khalid, and their family storyline.

4 credits Dist WL

Art

The Language of Art ART 100

The course teaches students to begin to understand the processes of artistic creation. It enables the student to grasp the expressive content of works of art in a wide variety of media and to analyze how the artist creates his/her effect. It is not an historical survey. Through lectures, discussions, field trips, and museum visits, the student studies paintings, sculptures, and buildings; examples are chosen as often as possible from the Boston area. The course addresses such concepts as elements of composition, rhythm, symmetry, and space; and the possibilities of differing interpretations of subject matter. It offers a solid introduction to the arts by developing the student's ability to see and analyze forms as the result of aesthetic and interpretive decisions.

3 credits Dist AR

Ancient and Medieval Art ART 101

The course offers an historical survey of art and architecture of the ancient world, giving particular emphasis to Egyptian, Greek and Roman cultures. Students are also introduced to the arts in Medieval Europe, with a special focus on the Romanesque and Gothic styles.

3 credits Dist AR

Drawing I ART 281

A comprehensive introduction to basic materials and techniques, with emphasis on drawing as a primary means for the description and interpretation of people and their environment. Problems in still life, landscape, and life drawing. Fundamentals of visual language are also addressed.

3 credits Dist AR

Asian Studies

Women in Modern China ASIAN 359L

This course examines the social and cultural roles of Chinese women, and their changes over time. Emphasis is given to twentieth-century China, especially the People's Republic period.

3 credits Dist WC Div I

Modern Japan ASIAN 363L

A historical survey of economic, social, political and cultural developments in Japan from 1800 to the present, special consideration of economic and foreign policy problems.

3 credits Div I

Biology

The Basis of Life — BIOL 101

The uniqueness of life within the physical universe. The matter and energy of life, the genetic code, molecular biology, and the origin and evolution of life. An overview for students in the humanities and social sciences of those features which distinguish living organisms from non-living things. No background in the natural sciences is required.

3 credits Dist NS

Introduction to Nutrition — BIOL 108

Introduction to the elements of nutrition with emphasis on nutrition for humans; examination of food stuffs and nutritional quality, physiology of food utilization, food quality regulations, and the global ecology of food production. No background in the natural sciences is required.

3 credits Dist NS

General Biology I - Lecture — BIOL 111

An integrated course stressing the principles of biology. Life processes are examined primarily at the molecular and cellular levels. Intended for students majoring in biology or for non-majors who wish to take advanced biology courses.

4 credits Dist NS

Classics

Demystifying Language: English Vocabulary — CLSICS 161

Seventy-five per cent of English vocabulary derives from either Latin or Greek. This course provides students with a system and analytical tools to demystify the process of building their English vocabulary. Students are given an introduction to English word formation (morphology) and principles of semantic change, as well as to history of the English language, while mastering a large body of word elements based in Latin and Greek. The course builds general linguistic awareness while increasing students English vocabulary and ability to understand unknown words at sight. Attention is given to academic, scientific and medical terminology.

3 credits Dist SB

The Archaeology of Ancient Greece — CLSICS 303L

This course provides a survey of Greek archaeology and history from the Bronze Age through the Classical Era. Students are introduced to the methods and aims of archaeology. The course begins with the Minoan and Mycenaean eras; the Dark Age and emergency of the full Hellenic era are treated, with emphasis on the city-states of the Greeks. The course makes extensive use of images and surveys the art and architecture of the Greeks in the context of primary literary sources.

3 credits Dist WC

Communication Studies

Introduction to Communication — COMSTU 100

This course is designed to provide an introductory survey of the study of communication. The course begins with a general history of the evolution of human communication, and goes on to examine such areas as definitions, models, and basic concepts in communication; the range of verbal and non-verbal codes, and their complex interrelations in the message systems of modern electronic media; and various communication contexts, with emphasis on the structure and function of interpersonal communication and mass communication, particularly broadcast and cable television.

3 credits Dist SB

Oral Communication — COMSTU 105

This course focuses on improvement of interpersonal, small group, and public communication skills. Through readings, journals, class discussions and activities, we explore the following: self-concept and perception, listening and responding, language and non-verbal behaviors, interviewing, problem-solving and decision-making, formal elements of speech-making, the evaluation of one's own and others' public messages.

3 credits

Using Internet Communication — COMSTU 210

Using Internet communications enhances students' theoretical understanding of electronic communication and their ability to communicate as professionals, scholars, and citizens using the Internet. Participants learn core communication theoretical models and principles, and apply them to electronic communication methodologies that enhance interpersonal, small group, and public interactions. These methodologies include electronic meetings, discussion forums, co-authoring tools, audio, and video.

3 credits

Information Technology and Human Communication — COMSTU 300

This course examines the relationship between information technology and human communication. Readings, discussion, assignments and projects address IT's potential to enhance and constrain communication; its role in the promotion or dissolution of community; its implications for social policy; its place among other media; and many more issues for which IT, particularly cyber-technology, is a lightning rod.

3 credits Dist SB

Criminal Justice

Criminology CRMJUS 262L

A general survey and analysis of adult crime. Attention to historical development of criminological thought, societal reaction to crime, and behavioral systems. Emphasis on theories of criminality and issues in the administration of justice by police and courts.

3 credits Dist SB

Prerequisite: SOCIOL 101.

Racial and Ethnic Relations CRMJUS 321L

An examination of racial and ethnic relations in contemporary society, including the history and sociology of the immigration experience, bilingual education, the nature and character of discrimination, neighborhood change, and racial and ethnic conflict.

3 credits Dist SB Div U

Prerequisite: SOCIOL 101. SOCIOL or PSYSOC or CRMJUS or ALCSUB students only.

Internship in Law and Criminal Justice CRMJUS 461L

This course provides an historical and sociological analysis of our state and federal court systems, and considers such issues as the rights of indigent defendants, the bail system, right to counsel, and the adversary nature of some proceedings. In addition to classroom work, students undertake supervised field placements in probation offices, parole boards, district attorneys' offices, and correctional programs.

6 credits

Prerequisites: SOCIOL 101, SOCIOL/CRMJUS 262L and 351L and two of the following: SOCIOL/CRMJUS 363L, 465L, 467L. 90 or more credits, completion of WPE and major in Criminal Justice or permission.

The Police in Society CRMJUS 465L

An examination of police as a system of social control; a survey of major studies of police by sociologists and government commissions. Emphasis placed on police organization, patterns and consequences of police training, historical and cross-cultural perspectives of police systems and studies of police discretion and police-citizen interaction.

3 credits

Prerequisite: SOCIOL 101 and CRMJUS/SOCIOL 262L.

The Sociology of Law CRMJUS 467L

A general analysis of the social origins and consequences of law and legal process; special emphasis on law as a method of conflict resolution and as a social control structure, and on law and social change. Attention also given to law in other societies, including non-literate societies, to the evolution and development of legal structures, and to patterns of due process and criminal law.

3 credits

Prerequisite: SOCIOL 101 and CRMJUS/SOCIOL 262L.

Critical Reading and Writing

Proficiency in Analytic Writing CRW 283

This course is for students who have had repeated difficulty completing the writing proficiency requirement. The course explores a broad theme or topic, reading texts drawn from different disciplines. The course functions as an intensive writing workshop, providing instruction and practice in critical reading, writing, and thinking. Students must develop three critical papers, based on multiple readings, that form the basis of a writing proficiency portfolio. A conference with the director of the writing proficiency requirement is mandatory before registering. Course enrollment is limited to 15 students.

3 credits

Prerequisite: Permission of department.

Economics

Introduction to Microeconomics ECON 101

A broad introductory survey in which special attention is given to the role of economic principles in analyzing and understanding current economic problems. Emphasis is given to the functioning of markets and to the behavior of individual economic units such as the business firm and the consumer (microeconomics). Other areas of emphasis vary from section to section and may include industrial organization, income distribution, international trade, economics of the environment, and other topics.

3 credits Dist SB

Prerequisite: MATH 114Q or 115 or equivalent MATH level.

Introduction to Macroeconomics ECON 102

A broad introductory survey in which special attention is given to the role of economic principles in analyzing and understanding current economic problems. Emphasis is given to examining the overall functioning of the economy and to such matters as unemployment, inflation and recession. Other areas of emphasis vary from section to section and may include economics of government spending and taxation, economic development, alternative economic systems, and other topics.

3 credits Dist SB

Prerequisite: MATH 114Q or 115 or equivalent MATH level.

English

Note: ENGL 101 and 102 are prerequisites for all English courses above the 100 level. For non-majors, one 200-level English course is prerequisite for all 300- and 400-level English courses. These requirements may be modified or waived for certain courses: see the following course descriptions for such changes. The student who is strongly motivated to take a course for which he or she has not satisfied the prerequisites should contact the instructor for advice and permission.

Students whose first language is not English and who have not previously completed a UMass Boston English or ESL credit course must take a writing placement test before registering for any English or ESL course. For further information, see page 63 ("Diagnostic Testing").

Freshman English I — ENGL 101

English 101 is an introductory course in critical reading and writing that prepares students for working with the complex texts and ideas they will find in their college studies. English 101 teaches students to discover and shape their own perspectives in dialogue with challenging readings. Through carefully sequenced assignments, students are guided through various processes for constructing academic essays that may include journal writing, glossing texts, discussing student papers in class, peer reviewing, and especially revising. Readings and materials vary from section to section.

3 credits

Note: English 101 satisfies the first half of the College's freshman writing requirements.

Prerequisite: Degree students only.

Freshman English II — ENGL 102

If English is not your first language, you may be placed into 102E, a course devoted to ESL students. This course, designed for non-native speakers of English, parallels 102 and meets the same graduation requirement. The following description therefore applies as well to 102E. Freshman English 102 is a more advanced course in critical reading and writing than 101; it is intended to help students prepare for their upper-level courses and the Writing Proficiency Requirement. Through sequenced assignments, students learn to sustain inquiries on particular themes or issues and to treat subjects from different perspectives, including their own. Through frequent reading and writing assignments, students learn to analyze the structures of essays and arguments so they are able to develop informed responses to them. As in 101, drafting and redrafting are emphasized. One of the course papers will be a researched essay that builds on course themes and issues.

3 credits

Note: English 102 and 102E both satisfy the second half of the College's freshman writing requirement.

For more detail, see: www.freshman.umb.edu.

Prerequisite: ENGL 101; Degree students only.

Five British Authors — ENGL 201

Representative works by five of the most important writers from the fourteenth to the nineteenth century, studied as introductions to philosophical and humanistic studies, explored as reflecting and shaping the leading ideas, assumptions, and values of their ages. Works by Chaucer, Shakespeare, and other authors such as Milton, Swift, and Austen, with films and background lectures on the philosophical and historical contexts of the works and their authors. Instruction in analytical reading and writing is provided.

3 credits Dist HU

Prerequisite: ENGL 101 or 102.

Six American Authors — ENGL 202

The achievements of American literature in articulating the American mind is illustrated by works from some well-known American writers-Thoreau, Dickinson, Faulkner, for example-as well as from those who deserve to be better known, such as William Wells Brown, Kate Chopin, Zora Neale Hurston.

3 credits Dist HU Div U

Prerequisite: ENGL 101.

Introduction to Creative Writing — ENGL 210

An introduction to the arts through the medium of writing as well as reading poetry and fiction. Student writing is submitted weekly and discussed in class.

3 credits Dist AR

Prerequisite: ENGL 102.

Environmental, Earth and Ocean Science

The Global Environment — EEOS 101

An analysis of the physical geographic environment including the globe, the atmosphere and ocean, climate, soils, vegetation, and landform. Positive and negative interaction of human beings with these aspects of the environment is examined where appropriate.

3 credits Dist NS

World Regional Geography — EEOS 102

An overview of world regions in terms of physical environment, human populations and the relationship between them. Topics with a focus on diversity are discussed from an international viewpoint and center on particular countries.

3 credits Div I

Weather and Climate — EEOS 225

This course investigates atmospheric processes forming the basis for weather patterns and climatic development on a global scale. Major topics include earth-sun relationships, heating and cooling of the atmosphere, atmospheric circulation, pressure patterns, air mass formation and frontal systems, episodic storms, vertical zonation of climate, and the Koppen System for evaluating and classifying climatic phenomena.

3 credits Dist NS

Prerequisite: 30 credits.

Environmental Studies

The Nature of Environmental Problems ENVSTY 101

An introduction to environmental issues and analysis emphasizing comparisons between the sustainable characteristics of ecosystems, both natural and human, and the human impacts on the Earth's life support systems. Topics include human population growth, food production, use of natural resources, pollution, loss of bio-diversity, and conservation strategies.

3 credits Dist NS

Exercise and Health Science

Statistics for Health Professionals EHS 280

This course focuses on basic concepts of statistics such as measures of central tendency and variability; concepts of test validity, reliability, and objectivity; and on basic techniques used in inferential statistics. Emphasis will be placed on interpreting scientific peer-reviewed research in the field of exercise and health sciences.

3 credits

Prerequisite: MATH 114Q or appropriate score on the Math Placement assessment. By permission of department. EHS or College of Nursing students only .

French

Elementary French I FRENCH 101

Practice in the four language skills, with concentration on an audio-lingual approach, for students who have no creditable training in French. Includes an introduction to French and francophone culture. Weekly laboratory attendance and assignments required.

4 credits Dist WL

Gerontology

CERTIFICATE PROGRAM

Frank J. Manning Certificate in Gerontology

ccde.umb.edu/certificates/manning/

For more information, see page 44.

Legislative Process and the Elderly CORCTR 210

This course is an overview of the legislative process with instruction and practice in following a bill affecting the elderly through the state legislature. The course also helps students to understand and assess the power structure within administrative agencies and legislative bodies and how to use the legislature for advocacy. This course has been approved for CEU credit by the Massachusetts Board of Registration for Nursing Home Administrators.

Note: This is a competency course and students must register for CORCOM 210 Participation in Government (#15411) to meet the requirements.

3 credits

Concepts and Practices with the Elderly GERCTR 201

This course looks at the concepts and theories of aging and age-related problems and their implications for the delivery of services; it includes discussion, instruction, and practice in the skills necessary to perform the role of friendly visitor in a purposeful relationship with a frail elder in a field placement required by the Gerontology program. This course has been approved for CEU credit by the Massachusetts Board of Registration for Nursing Home Administrators.

Note: This is a competency course and students must register for GERON 200 Working with Elders (#20821) and GERON 300 Concepts of Aging (#20823) to meet the requirements.

6 credits

Applied Research in Aging GERCTR 400

This course is taught as a community service project in conjunction with a community organization about a particular human service issue affecting the elderly. Students learn to clearly articulate significant questions, develop a research methodology, prepare instruments and gather data that informs debate on the issue. Some projects we have done in the past include: Older Learners: Their Motivations and Barriers; Grandparents Raising Grandchildren; Older Drivers, When To Stop and Who Should Decide; and Assessing Livable Communities in Massachusetts. This course has been approved for CEU credit by the Massachusetts Board of Registration for Nursing Home Administrators.

Note: This is a competency course and students must register for GERON 330 Applied Research in Aging (#15410) and CORCOM 280 Public & Community Action II (#15409) to meet the requirements.

6 credits

History

Africa in the Twentieth Century HIST 153

This course focuses on major themes in the history of Africa since 1900. These include the establishment of colonial rule and colonial administrative practices, colonial economies, African nationalism and decolonization, South Africa and the politics of apartheid, and post-colonial Africa from a global perspective.

3 credits Div I

Foundations of Western Civilization HIST 211

A survey of European history from the golden age of Greece in the 5th century BCE to 1715, laying particular stress on politics, culture and religion. Major topics examined will include the culture of ancient Greece; the rise of Rome and the ideology of the Roman Empire; the early development of Christianity and its impact on the ancient world; the evolution of new political forms in the Middle Ages; medieval Christianity; the impact of Renaissance efforts to revive Greek and Roman civilization; the Protestant Reformation and Catholic responses to it; and the scientific and intellectual culture of the seventeenth century. In addition to broad coverage the course will devote attention to critical examination of a selection of key historical texts.

3 credits Dist HU

Modern Western Civilization HIST 212

This course traces the history of Western civilization from the enlightenment of the 18th century up to the transformations that took place in the 1990s. It is a history of revolutions and wars, ideologies and institutions. It is also a history of people, the lives they led and the decisions they made. In this period Western European nations, and a former colony, the United States, became the dominant powers in the world. During the last three centuries, Western civilization has influenced the lives of all people whether they lived in the west or in other parts of the world. By studying western civilization we therefore come to understand a great deal about our present day world and the lives we lead.

3 credits Dist HU

Modern World History HIST 214

This course offers an examination fo the processes of modernization and globalization sicne the late eighteenth century; their connections to imperialism, colonialism, and war; and their relationships to changing perceptions of society, politics, economics, gender, and culture in different regions of the world.

3 credits Dist SB Div I

American History Before 1877 HIST 265

Beginning with the history of North America prior to the voyages of Columbus, History 265 examines the impact of Europeans upon indigenous peoples, and studies the evolution of colonial settlements in British North America. It covers the causes and consequences of the American Revolution, the subsequent development of democratic political and social institutions, the emergence of transportation, market and industrial revolutions and the coming of the sectional conflict and Civil War.

3 credits Dist HU

American History Since 1877 HIST 266

HIST 266 begins in the aftermath of the Civil War and Reconstruction and examines the naure and impact of urbanization, immigration, and industrialization. The course then examines the growth of American imperialism and the nations rise to world power status. It also focuses on cycles of economic change, including the Great Depression and the enormous expansion of the middle class after World War II. The course will also examine the Cold War in both its worldwide impact, such as wars in Korea and Vietnam, and on the domestic front. Finally, the course examines the transformation of society and culture in the second half of the Twentieth Century.

3 credits Dist HU

The Archaeology of Ancient Greece HIST 303L

This course provides a survey of Greek archaeology and history from the Bronze Age through the Classical Era. Students are introduced to the methods and aims of archaeology. The course begins with the Minoan and Mycenaean eras; the Dark Age and emergency of the full Hellenic era are treated, with emphasis on the city-states of the Greeks. The course makes extensive use of images and surveys the art and architecture of the Greeks in the context of primary literary sources.

3 credits Dist WC

Europe Since 1945 HIST 316

Political, economic, social, and intellectual history of Europe with attention to extra-European influences, from 1945 to the present.

3 credits

Russia Since 1861 HIST 324

A survey of the political, economic, social and intellectual development of Russia, from 1861 through the Soviet Union in the second World War.

3 credits

Modern Irish History From 1800 to Present HIST 339

This course examines the forces and movements in the development of Irish nationalism from 1800 to the achievement of national independence. The course also explores the history of an independent Ireland.

3 credits

War in the Twentieth Century HIST 358

A study of military plans, strategy and weapons employed in twentieth century wars, and their consequences on the battlefield, together with their larger impact on the societies involved. Emphasis on the two world wars and the Vietnam War. The course concludes with a review of current military plans and weapons systems of the world powers in the perspective of military history since 1914.

3 credits

Women in Modern China HIST 359L

This course examines the social and cultural roles of Chinese women, and their changes over time. Emphasis is given to twentieth-century China, especially the People's Republic period.

3 credits Dist WC Div I

Modern Japan HIST 363L

A historical survey of economic, social, political and cultural developments in Japan from 1800 to the present, special consideration of economic and foreign policy problems.

3 credits Div I

Information Technology

Relational Databases IT 230L

This course provides a thorough review of basic relational database concepts and how to apply these concepts to a variety of application problems. The course focuses on the use and properties of relational database management systems. Topics covered include DBMS architecture levels, data modeling, data definition and manipulation capabilities of Structured Query Language programming, and programming techniques for accessing relational databases.

3 credits

Prerequisite: MSIS 124.

Latin

Fundamentals of Latin I LATIN 101

Designed to complete a standard basic textbook with Latin 102.

3 credits Dist WL

Fundamentals of Latin II LATIN 102

Continuation of Latin 101.

3 credits Dist WL

Linguistics

Elementary American Sign Language I LING 151

This course provides an introduction to American Sign Language with an emphasis on receptive skills, vocabulary, and grammar; it also introduces the linguistics of ASL. In addition, through readings, guest speakers, and videotapes, the course seeks to help students develop their awareness of issues important to the Deaf community.

3 credits

Management

Introduction to Business MGT 130

Familiarizes students with the nature of business and its relationship to other institutions in society. The course examines business ownership, organization, management, marketing, human resources management, production, and finance. In addition, it explores issues in the relationships between law and business and government and business.

3 credits

Marketing

Special Topics: Two Markets and Two Universities MKT 478

Two Markets and Two Universities will enroll students from UMass Boston and the University of Pannonia in Hungary. The course will explore the challenges of international marketing by focusing on marketing in two geographies, the US and Hungary. It will simulate a global business environment where students will be introduced to the real world challenges of managing team work, cultures and time zones while achieving management goals and objectives. The theoretical content will be presented through online video lectures covering important marketing topics as well as reading assignments.

Students interested in understanding global challenges in international marketing and management and willing to experience some of them first hand prior to embarking on their careers should be particularly interested in this course. Some experience with Blackboard and Wimba bisynchronous communications is helpful.

3 credits

Prerequisties: By permission of department .

Management Science and Information Systems

CERTIFICATE PROGRAM

Fundamentals of Information Technology

ccde.umb.edu/certificates/infotech/

For more information, see page 44.

Introduction to Information Systems MSIS 105

Introduces computers, information systems, and their use in society for students with minimal prior knowledge in this area. Topics include overviews of current information technology concepts and components, the Internet, and productivity software tools. The course offers an extensive hands-on component in the use of current technology. This course cannot be counted toward the management information systems or management science concentration in the College of Management.

3 credits

Introduction to Computers and Information Systems MSIS 110

Introduces systems thinking principles, computers, information systems, and their use in business decision making. Topics include management information systems concepts and components, issues involving information management, productivity software tools. The course offers an extensive hands-on component in the use of state-of-the-art technology.

3 credits

Introduction to Information Security — MSIS 123

This course will present an overview of the threats to your information technology infrastructure and intellectual property, with an emphasis on the detection and prevention of intrusions or theft. The protection of services such as the World Wide Web, file sharing, and e-mail will be analyzed. The vulnerabilities and hardening of major operating systems such as Linux and Microsoft's Windows 2000 will be discussed. The course takes a holistic approach, discussing the technical but focusing on the need for proper training and procedures in the maintenance of an effective yet secure information technology infrastructure. While the material of the course is technical in nature, no systems administration or software development experience is assumed. A good familiarity with the use of the Internet and computers is required, and some knowledge of TCP/IP would be helpful.

3 credits

Introduction to Visual Basic.NET — MSIS 124

This is an introductory course for Visual Basic.NET, an object-oriented, event-driven language that is a subset of the Visual Studio.NET environment. It is designed to provide the beginning Visual Basic programmer with the tools to create Visual Basic applications that conform to well-adopted Windows standards. In addition, it will introduce the students to object-oriented programming concepts, which are key to successful Windows and Web-based development efforts. While students are expected to have familiarity with basic Windows 95, Windows 98, or Windows 2000 concepts, little or no programming experience is required.

3 credits

Relational Databases — MSIS 230L

This course provides a thorough review of basic relational database concepts and how to apply these concepts to a variety of application problems. The course focuses on the use and properties of relational database management systems. Topics covered include DBMS architecture levels, data modeling, data definition and manipulation capabilities of Structured Query Language programming, and programming techniques for accessing relational databases.

3 credits

Prerequisite: MSIS 124.

Mathematics

Preparatory Work

Any student who intends to take a mathematics course at or below the level of MATH 140 (Calculus I) must furnish proof to the department that he or she is prepared for that course. The required proof is successful completion of the appropriate math placement test (see Diagnostic Testing, page 63).

College Algebra — MATH 115

Designed primarily but not exclusively for students seeking a stronger foundation in algebra before taking MATH 129 or MATH 130. Topics include basic algebra concepts, linear equations and inequalities and inequalities, properties of functions, linear and quadratic functions, absolute value equations and inequalities, systems of equations.

3 credits

Prerequisite: MATH 125 or an appropriate score on the Math Placement Test.

Introductory Statistics — MATH 125

Topics include introductory statistics, covering descriptive statistics; introductory probability sufficient to enable development of inferential statistics; and inferential statistics.

3 credits Dist MT

Prerequisite: MATH 114Q or 115 or 124 or 129 or 130 or 140 or appropriate scores on the Math Placement Test.

Precalculus — MATH 130

Preparation for first year calculus. Covers symmetry, graphs, functions, lines, parabolas and max-min problems, exponential and logarithm functions, exponential growth, and the trigonometric functions and their inverses.

Note: No student receives graduation credits for MATH 130 if it is taken after successful completion of any higher math course. Students who have successfully completed MATH 130 may not subsequently take MATH 129 for credit. Students may take MATH 130 after MATH 129 only with explicit permission of the department, and then only for two credits.

3 credits Dist MT

Prerequisite: appropriate scores on the Math Placement Test or MATH 115 with a grade of B or better in the previous semester. Note: Students with grades lower than B in the pre-requisite course will be dropped from the class.

Managerial Algebra and Calculus — MATH 134

A one-semester course in calculus, with particular emphasis on applications to economics and management. Topics covered include limits, continuity, derivatives, and integrals. Students may not receive graduation credit for both MATH 134 and MATH 135. Students may take MATH 140 after MATH 134, but only with the explicit permission of the department and then only for two credits.

3 credits Dist MT

Prerequisite: MATH 129 or 130 or appropriate scores on the Math Placement Test.

Music

An Introduction to Music MUSIC 111

Basic music materials, principles of design, and the cultural significance of representative works in historical sequence. Designed primarily for non-music majors.

3 credits Dist AR

Applied Music MUSIC 185

Private, individualized study of voice and all instruments covering both performing techniques and musicianship. Open to all students upon payment of an additional fee. Twelve hour or half-hour lessons per semester. May be repeated for credit. Students must contact the Music Department to register for lessons.

1 credit

Prerequisite: Students must contact the Music Department (617.287.5640) to register for lessons.

Universe of Music MUSIC 248

An introduction to the infinite universe of music from its origins to the present, this course investigates the role of instruments, culture, myth and science in the evolution of music. Illustrations through the medium of the World Wide Web present the concept of music as both communication of ideas and expression of feelings in diverse musical traditions of the world.

3 credits Dist AR Div I

Music of Latin America MUSIC 268

This course is an introductory online course dealing with the diverse musical traditions of Latin America, including the role of music in society, ritual, and culture. The result is a comparative study of styles, dances, and instruments, with a certain emphasis given to the development of critical listening skills. Students need access to a computer with Internet sound capabilities. Course subject matter is generally limited to music that has surfaced and developed in Latin America and not as it has developed in the continental United States. Readings will be supplemented by various links as well as the Latin American audio selections available from the Naxos catalogue.

3 credits Dist AR

Nursing

DEGREE PROGRAM

Online RN-to-BS Program

ccde.umb.edu/degree/rnbs/

For more information, see page 43.

*Note: Nursing courses require permission of the department. For more information, please contact Kristen.Carlson@umb.edu.

Professional Issues in Nursing NURSNG 360

This is the first nursing course in the RN-BS Online Program. It is an intermediate seminar designed to assist registered nurses to develop the critical reading, writing and thinking skills necessary for successful university level study. Issues that significantly influence professional practice and nursing leadership are explored utilizing the above skills.

6 credits

Prerequisite: RN-BS students only. Permission of department.

Health Assessment and Promotion NURSNG 361

This course focuses on the complete health assessment, the nursing process, and its relationship to the prevention and early detection of disease in clients across the life span. This course introduces processes of health assessment: interviewing, history-taking, and physical assessment. Dominant models, theories, and perspectives are used to explain health behaviors and are considered in relation to evidence-based health promotion and health education strategies. Students are also expected to identify and apply pathophysiological principles to selected health issues across the lifespan. The course includes a laboratory component complemented by self-directed computer-assisted instruction. Incorporated throughout the course is the importance of communication and collaboration across culturally diverse urban populations.

6 credits

Prerequisite: NURSNG 360. RN-BS students only. Permission of department.

Nursing Research and Information NURSNG 362

This course provides an overview of scientific research and nursing informatics. The course focuses on the interface of theory, research, and electronic technologies used in data acquisition, information management, and knowledge development. Emphasis is placed on ethical, theoretical, and methodological issues raised when studying and documenting the health related quality of life of urban populations and on the application of electronic networks in multidisciplinary healthcare delivery.

6 credits

Prerequisite: NURSNG 360. RN-BS students only. Permission of department.

Independent Study NURSNG 405

Students participate in ongoing research on clinical projects or expand and reinforce clinical knowledge and skills through specifically arranged experiences. This course may be taken by arrangement with individual Nursing Program faculty and approval of the department chair.

1-3 credits

Prerequisite: NURSING students only. Permission of department.

Community Health Nursing for RNs NURSNG 461

The course enables students to perform complex, comprehensive interventions designed to improve public and community health care in the evolving health care system. Nursing practice is directed toward communicating effectively and working collaboratively with diverse urban communities and healthcare infrastructures to deliver quality, cost-effective and accessible health across the life span. Students will utilize information technology to generate empirical and theoretical knowledge bases for decision-making, critical thinking, designing and evaluation health care programs and outcomes. Students will assess and demonstrate accountability for self-learning needs when engaged in developing and advocating for programs designed to promote the health of vulnerable and other diverse urban populations.

6 credits

Prerequisite: NURSNG 360 and 362. BSN-RN students only . Permission of department.

Legal, Ethical & Health Policy and Capstone for RNs NURSNG 462

This course is the capstone for students in the online RN-BS program. This course enables students to analyze complex nursing issues from a legal, ethical, and political approach. This perspective will serve to guide health professionals to socially responsible practice and collaboration within the changing health care environment. In addition, the course conducts critical analyses of contemporary urban health and policy issues affecting individuals across the lifespan. The impact of the complex socio-political environments on how the health care system evolved and is continually reformed is explored. Different health issues and policies including communication, advocacy, and ethical concerns of access, quality, and cost will be examined. The ethical, legal and policy issues surrounding healthcare disparities will be examined. Students will use information technology to generate empirical and theoretical knowledge bases for decision-making, critical thinking and evaluation of health care policies and their outcomes.

6 credits

Prerequisite: NURSNG 360, 361, 362 and 461. RN-BS students only. Permission of department.

Philosophy

Introduction to Philosophy PHIL 100

An introductory examination of the problems and scope of philosophy.

3 credits Dist HU

Moral and Social Problems PHIL 108

Important moral and social issues of current concern are examined and debated. The course covers several problems each semester from a list including criminal punishment, war, abortion, racism, violence, the death penalty, private property, sexism, animal rights, the environment, and hunger.

3 credits Dist HU Div U

Moral Issues in Medicine PHIL 222

Concepts of health, illness and healing, under different paradigms of medicine. Is medicine an art or science? What is the impact of medical technology on human life and death? What is considered "natural"? Attention is given to issues in human reproduction (e.g. in vitro fertilization, conception, abortion). Questions of authority, accountability in doctor-patient relationships, patient advocacy, self help, right to health care or to refuse treatment. Social and political questions of health care organization.

3 credits Dist HU

Special Topics: Film and Philosophy PHIL 281

This course is a philosophical investigation of the dominant art form of our era - the motion picture. It begins by exploring film as an imagistic language of motion and time able to treat central questions of human experience in a sophisticated, though nonconceptual fashion. It then examines three relations that film can entertain with reality: reflection, construction, and dreamlike confabulation. After examing film in its symbolic structure as well as its alternative strategies for referring to reality, the course proceeds to investigate one of its most persistent themes, that of desire, amorous experience, and multiple forms of sexuality. Finally, it considers a controversy that has marked film from its beginning: can cinema affect the world in a critical fashion, or is it merely an instrument of cultural manipulation?

3 credits

Political Science

Introduction to Politics POLSCI 101

This course introduces and explores the conceptual vocabulary of politics. Though concerned with problems of political theory, it is designed not for theorists but for anyone who thinks, talks, or worries about the public world. A series of brief case studies is used to show how real-world outcomes are affected by our political ideas and assumptions.

3 credits Dist SB

Government and Politics of the United States POLSCI 102

An introduction to the structures, processes, and results of the American governmental system. The course focuses on the national government and national political behavior, although state, regional, and local structures and issues are also introduced. Topics include institutions of government, political principles and ideologies, public opinion, political socialization, political parties, mass media, elections, interest groups, civil rights and civil liberties, public policies and policy making.

3 credits Dist SB

Comparative Politics: Third World POLSCI 202

Introductory survey of political systems in non-industrialized nations, drawing on examples from Latin America, Africa, and Asia. Course content focuses on the nature of the development process and the evolution of political institutions and practices.

3 credits Div I

International Relations (B) POLSCI 220

This course focuses on basic patterns and concepts which explain interactions among nations. Special attention is given to the role of ideologies, international organizations, conflict resolution, the impact of multinational corporations, underdevelopment, the international dimension of human rights, ethnic, "racial," religious, and gender differences, and the dynamics of globalization.

3 credits Div I

Third World Development (C) POLSCI 375

Investigation of theories of interdependence, dependency, and neocolonialism. Special attention to North/South relations, various approaches to development and forms of assistance provided by the industrial countries, resource problems, and other political and developmental issues facing North and South.

3 credits Div I

The Politics of International Economic Relations (B) POLSCI 410

The course studies the relationship between the structure of the international political system and the structure of the international economic system, examines the reciprocal links between domestic political and economic policies of governments and their international behavior, and analyzes the sociopolitical chocies which support the development and operation of such transnational institutions as the World Bank, the IMF, multinational corporations, cartels, and trading systems.

3 credits

Christianity and Politics (D) POLSCI 470

Reflections on political problems as seen from various Christian standpoints. Current problems and contemporary Christian thinkers are emphasized. Particular attention is paid to the diversity of insights that Christianity makes available and to the occasions for critical reflection that are thus provided.

3 credits

Psychology

Introduction to Psychology PSYCH 100

A general survey of selected content areas in psychology, including personality and human development, physiological psychology, learning, intelligence, heredity and environment, and motivation and emotion.

3 credits Dist SB

Please note: Students who have already earned credits for PSYCH 101 may not register for this course.

Introduction to Behavioral Research PSYCH 201

An introduction to the ways of discovering, describing and making warranted assertions about aspects of people and social life. The chief objectives are 1) to help students develop the skills and knowledge necessary to become intelligent critics of research in the behavioral and social sciences, and 2) to give them a rudimentary understanding of the design and evaluation of scientific research. Statistical material is treated in a conceptual manner. Classroom work and course examinations concentrate equally on research design and research evaluation.

3 credits

Prerequisite: PSYCH 100 or 101.

Psychology of Cross-cultural Relations PSYCH 234

This course examines the nature and dynamics of inter-group relations within a multicultural context, studying relations among diverse cultures and racial groups in the United States and globally. The course looks at cross-cultural relations from an interdisciplinary perspective, discussing psychological and sociopolitical perspectives.

3 credits Div U

Prerequisite: PSYCH 100 or 101.

Abnormal Psychology PSYCH 315

This course examines the range of common psychological disorders, their characteristic symptoms, possible causes, and treatment. It takes a critical scientific approach to the criteria used to define psychological abnormality, the theories used to explain it, and the therapies used to treat it. Etiology, dynamics and treatment of psychopathology.

3 credits

Prerequisite: PSYCH 100 or 101.

Social Psychology — PSYCH 330

A scientific attempt to understand and explain how the thought, feeling, and behavior of individuals are influenced by the actual, imagined, or implied presence of others; focuses on the drama of social interaction.

3 credits

Prerequisite: PSYCH 100 or 101.

Communication and Society — PSYCH 337

This course explores interpersonal interaction and the functional and dysfunctional ways in which communication occurs. Participants examine non-verbal communication, including paralanguage, spacing, and gestures. Additionally, they acquire experience using the Internet, for research purposes as well as for on-line communication with other course participants. Discussions also focus on various aspects of the mass media.

3 Credits

Infancy and Childhood Development — PSYCH 341

This course explores human development from infancy to middle childhood, i.e., from childbirth to ages seven or eight. Major emphasis is given to early perceptual, cognitive, social and affective development bearing the following questions in mind: How does the world of space and objects appear to the infant? How does he or she acquire knowledge and discover reality? How does the child experience the world of people and develop a sense of self? How does the child develop attachments to others and what role is played by the significant people in his or her life?

3 credits

Prerequisite: PSYCH 100 or 101.

Learning and Memory — PSYCH 350

An introduction to current views of behavioral change, learning, and remembering. The course focuses on concepts, theoretical issues and applications of current research.

3 credits

Prerequisite: PSYCH 100 or 101.

Behavioral Neuroscience — PSYCH 360

An overview of the field of neuroscience. Selected topics are neuroanatomy, brain physiology, communication in the central nervous system, immunology, and psychopharmacology. This course also includes a critical discussion of various research techniques. One goal for students is to develop critical thinking skills, as consumers of scientific information.

3 credits

Prerequisite: PSYCH 100 or 101, and PSYCH 105 or any BIOL course.

Sociology

Introduction to Sociology — SOCIOL 101

The structure of society, cultural patterns, and group life. The individual and socialization, groups, institutions, social systems, and social change.

3 credits Dist SB

Social Problems — SOCIOL 160

A course concentrating on institutional formation and change. Specifically, it covers the definition and explanation of social problems, individual, group and governmental responses to them, implications of social policy, in-depth case studies, and discussion of contemporary social problems.

3 credits Dist SB

Prerequisite: SOCIOL 101.

Social Deviance and Control — SOCIOL 261

This course examines the conditions and processes underlying social conformity and deviance. Discussion topics include social definitions of deviance, societal reactions to deviant behavior, deviant subcultures, and social control processes.

3 credits

Prerequisite: SOCIOL 101.

Criminology — SOCIOL 262L

A general survey and analysis of adult crime. Attention to historical development of criminological thought, societal reaction to crime, and behavioral systems. Emphasis on theories of criminality and issues in the administration of justice by police and courts.

3 credits Dist SB

Prerequisite: SOCIOL 101.

Family Violence — SOCIOL 316

This course seeks to help participants develop a critical understanding of force and violence within the family structure. Emphasis is on violence between spouses, and between children and parents; and on the prevalence, the character, and the causes of such violence. Topics also include society's reaction to family violence, and its policies of control and treatment; and the sexual abuse and exploitation of children and women.

3 credits

Prerequisite: SOCIOL 101.

Racial and Ethnic Relations — SOCIOL 321L

An examination of racial and ethnic relations in contemporary society, including the history and sociology of the immigration experience, bilingual education, the nature and character of discrimination, neighborhood change, and racial and ethnic conflict.

3 credits Dist SB Div U

Prerequisite: SOCIOL 101.

The Sociology of Gender SOCIOL 382

This course analyzes the sociological determinants and consequences of gender-that is, how societies assign specific expectations, advantages, and disadvantages to people on the basis of the biological fact of their sex. It examines the inequality between men and women that is a feature of the structure of many societies, as well as the social-psychological dimensions influencing individual behavior.

3 credits Dist SB Div U

Prerequisite: SOCIOL 101.

Internship in Law and Criminal Justice SOCIOL 461L

This course provides an historical and sociological analysis of our state and federal court systems, and considers such issues as the rights of indigent defendants, the bail system, right to counsel, and the adversary nature of some proceedings. In addition to classroom work, students undertake supervised field placements in probation offices, parole boards, district attorneys' offices, and correctional programs.

6 credits

Prerequisites: SOCIOL 101, SOCIOL/CRMJUS 262L and 351L, completion of two of the following: SOCIOL/CRMJUS 363L, 465L, 467L, 90 or more credits, completion of WPE and major in Sociology, Criminal Justice, or minor in Criminal Justice. Department consent.

The Police in Society SOCIOL 465L

An examination of police as a system of social control; a survey of major studies of police by sociologists and government commissions. Emphasis placed on police organization, patterns and consequences of police training, historical and cross-cultural perspectives of police systems and studies of police discretion and police-citizen interaction.

3 credits

Prerequisite: SOCIOL 101 and CRMJUS/SOCIOL 262L.

The Sociology of Law SOCIOL 467L

A general analysis of the social origins and consequences of law and legal process; special emphasis on law as a method of conflict resolution and as a social control structure, and on law and social change. Attention also given to law in other societies, including non-literate societies, to the evolution and development of legal structures, and to patterns of due process and criminal law.

3 credits

Prerequisite: SOCIOL 101 and CRMJUS/SOCIOL 262L.

Spanish

CERTIFICATE PROGRAM

Spanish/English Translation

ccde.umb.edu/certificates/spanishtrans/

For more information, see page 44.

Elementary Spanish I SPAN 101

Designed for students with little or no background in the Spanish language. SPAN 101 focuses on the acquisition of basic listening, speaking, reading, and writing skills within a cultural framework. Weekly laboratory attendance and assignments required. Students may not take both SPAN 101 and 105.

4 credits Dist WL

Prerequisite: The instructor reserves the right to place you in the appropriate course level.

Elementary Spanish II SPAN 102

A continuation of SPAN 101. SPAN 102 focuses on furthering the acquisition of basic listening, speaking, reading, and writing skills within a cultural framework. Weekly laboratory attendance and assignments required. Students may not take both SPAN 102 and 106.

4 credits Dist WL

Prerequisite: The instructor reserves the right to place you in the appropriate course level.

Basic Spanish for Communication I SPAN 105

A practical approach to the study of the Spanish language: carefully sequenced grammar within a communicative and cultural framework. Students may not take both SPAN 101 and 105.

3 credits Dist WL

Prerequisite: The instructor reserves the right to place you in the appropriate course level.

Technical Education

Seminar for the Beginning Vocational-Technical Teacher — OCC ED 218

This course prepares the new vocational technical educator candidate for his/her first teaching assignment. The course will identify the characteristics of an effective teacher as will as provide some of the tools required by first year teachers to be successful. These include techniques for establishing effective classroom routines and procedures, student instruction and assessment, and for maintaining a positive classroom/laboratory climate that conveys high expectations. In addition, students learn to identify the elements of a course/program curriculum and learn how to develop a lesson plan, assign and grade homework and collaborate with colleagues to improve instruction, assessment and student achievement.

3 credits

Managing Student Behavior and Creating a Safe & Healthy Environment — OCC ED 219

This course is designed to prepare vocational technical teachers to organize an instructional area that is conducive to high quality learning in a healthy and safe environment. A variety of discipline concepts and strategies will be presented for application in the laboratory, related classroom and cooperative education sites. Current relevant OSHA and child labor law standards will be reviewed and plans for a comprehensive health and safety program will be developed.

3 credits

Teaching Methods for Vocational-Technical Education: Instructional Strategies — OCC ED 220

This course provides vocational-technical teachers with a wide variety of researched based teaching methods and instructional strategies. Students in this course learn how to develop a unit of study and how instructional choices made by the vocational-technical educator are influenced by learning styles, motivation, and expectations. Students learn how to integrate vocational-technical and academic content by using a balanced instructional approach.

3 credits

Women's Studies

Women and Society — WOST 100

This interdisciplinary course examines how gender interacts with social institutions such as the family, education, the media, organized religion, law and government, and how that interaction shapes human behavior. Students will learn to address controversial issues raised by the feminist movement, and to relate these to their own lived experiences in meaningful and productive ways.

3 credits Dist SB Div U

Women in Global Perspectives — WOST 110

This interdisciplinary course explores multiple meanings of gender in a transnational world. Topics include: contradictory meanings of traditional femininity across cultures; global media representations of the female body, beauty, sexuality; impacts of colonialism, nationalism, patriarchy, and the global economy on women's work and family lives; women's rights as human rights; and local and transnational feminist activisms.

3 credits Dist SB Div I

Women and the Media — WOST 220

This course explores how the historical evolution and commercial orientation of mass communications media have helped shape the depiction of women and gender in advertising, entertainment, and news. Students learn to analyze visual imagery for its conceptual and emotional messages; to distinguish stereotypes from more complex characterizations in TV fictions; and to monitor the representations of women and gender in the print and broadcast news.

3 credits Dist HU

Women's Health Care — WOST 260

This course focuses on women's concerns in relation to health. Topics include health issues unique to women (such as birth control, pregnancy, childbearing); nutrition; occupational health; health and aging; women as health workers; and the history, activities, and influence of the women's health movement.

3 credits

Women In Modern China — WOST 359L

This course examines the social and cultural roles of Chinese women, and their changes over time. Emphasis is given to twentieth-century China, especially the People's Republic period.

3 credits Dist WC Div I

Graduate Courses

CCDE graduate courses are drawn from a wide range of UMass Boston master's and doctoral programs; many of these programs are offered through the Division of Corporate, Continuing and Distance Education and are described on pages 41-46. Students may generally apply up to six credits they earn as non-matriculated students toward a graduate degree or certificate; however, successfully completing a graduate course does not imply admission to a graduate program.

Many of these courses are open to any student with a bachelor's degree, but others have prerequisites or require permission of the instructor or the graduate program office. **If you have questions** about your eligibility to enroll in a graduate course, turn to page 62, Academic Information, or for further assistance call 617.287.7900.

= Course available online · = Award-winning
= International Program

Business Administration (MBA)

Financial Management — MBAAF 620

This course provides the student with a sound understanding and appreciation of the principles of corporate finance. It covers the theory and practice of financial decision making by managers and describes how financial theory can be used to address practical problems and to illuminate institutional aspects of the financial world. Topics include the time value of money, capital budgeting, financial statement analysis, asset valuation, portfolio theory, capital structure, dividend policy, long-term financing, and issues of corporate control. The course enables students to develop the skills and intellectual framework for addressing a variety of financial problems.

3 Credits

Prerequisites: MBA AF 610 and Graduate degree student in Management

Marketing Management — MBAMKT 670

This course focuses on the strategic decisions necessary to match organizational resources with market opportunities. Students learn to analyze market opportunities, to develop marketing plans and marketing mix strategies, and to manage implementation and control of the marketing plan.

3 credits

Prerequisite: MBA AF 610 and Graduate degree student in Management.

Counseling

DEGREE PROGRAMS

MS in Family Therapy Counseling

MS in Mental Health Counseling

MS in Rehabilitation Counseling

MEd in School Counseling

ccde.umb.edu/degree/counseling/

For more information, see page 42.

Research & Evaluation in Psychology — COUNSL 601

This course examines several research models and strategies with respect to their various rationales and methodologies. Relevant statistical topics are introduced conceptually, especially as they are applied in research about specific academic settings.

3 credits

Prerequisite: Permission of department

Foundations of Rehabilitation — COUNSL 603

This course seeks to provide students with basic information about the process of rehabilitation and its history and philosophy. Discussions also focus on the organizational structure of the rehabilitation system, the professional identity of the rehabilitation counselor, and legal and ethical issues in the practice of rehabilitation counseling.

3 credits

Prerequisite: Permission of department

Principles of Vocational Education and Psychological Assessment — COUNSL 605

The course provides a survey of standardized tests used in assessing aptitudes, interests, and personality traits. The course covers technical and methodological principles and social, ethical, and legal implications of psychological testing and assessment

3 credits

Prerequisite: Permission of department

Abnormal Psychology — COUNSL 608

This course provides students with information relevant to the diagnosis, etiology, and treatment of mental illness. Psychopharmacological interventions are addressed. The epistemological assumptions that ground traditional theories of psychopathology and diagnostic systems such as the DSM are discussed, and avoiding bias in psychiatric diagnosis is a major focus of the course. The following DSM categories are covered: mood disorders, anxiety disorders, psychotic disorders including schizophrenias, disorders usually first evident in childhood, and personality disorders.

3 credits

Prerequisite: Permission of department

Clinical Application of Human Development — COUNSL 620

This course provides students with a comprehensive view of lifespan development from childhood through adulthood from several perspectives: 1) the interaction of age with such factors as gender, cultural background, disabilities, and other significant issues encountered at particular stages of life; 2) how individuals at specific stages of cognitive development process information and experience; and 3) a structural approach to ego development.

3 credits

Prerequisite: Permission of department

Family Therapy Supervision and Consultation — COUNSL 680

This course reviews the state of the art in consultation with and supervision of family therapists. Students explore the context, philosophy, relationships, and pragmatics of supervision. They also analyze such major systemic supervision models as inter-generational, integrative, Post-Milan, and constructionist. A central focus of the course is the emphasis given to a "hands-on" experience. In addition to studying the models, students experience an ongoing relationship as both supervisee and supervisor. The course frames the supervisory process as a conversation embedded in the interplay of race, class, gender, and institutional politics. As a result, discussions focus on issues of sexual orientation, cultural sensitivity, the mandate to educate urban practitioners, and changing clinical and economic realities. The course involves face-to-face supervision, genograms, videotapes, and other family therapy supervisory techniques. Consideration is given to the life experiences of course participants, as well as to ethical and legal issues. Other topics include the differences between supervisor and consultant stances and the potential use of family therapy techniques in organizational settings.

3 credits

Prerequisite: This course is only open to licensed Marriage and Family Therapists with a requirement to send proof of license.

Critical and Creative Thinking

CERTIFICATE PROGRAM

Creative Thinking at Work

ccde.umb.edu/certificates/cct/

For more information, see page 45.

Critical Thinking — CRCRTH 601

This course explores issues about the nature and techniques of critical thought, viewed as a way to establish a reliable basis for our claims, beliefs, and attitudes about the world. We explore multiple perspectives, placing established facts, theories, and practices in tension with alternatives to see how things could be otherwise. Views about observation and interpretation, reasoning and inference, valuing and judging, and the production of knowledge in its social context are considered. Special attention is given to translating what is learned into strategies, materials, and interventions for use in students' own educational and professional settings.

3 credits

Creative Thinking, Collaboration, and Organizational Change — CRCRTH 618

Through interactive, experiential sessions and structured assignments, students learn critical and creative approaches to working in organizations. Skills addressed include: communication and team-building; facilitation of participation and collaboration in groups; promotion of learning from a diversity of perspectives; problem-finding and solving; and reflective practice. Students apply these skills to situations that arise in business, schools, social change groups, and other organizations with a view to taking initiative and generating constructive change.

3 credits

Thinking, Learning, and Computers — CRCRTH 670

This course considers the consequences of using computers to aid our thinking, learning, communication, and action in classrooms, organizations, and social interactions. Class activities acquaint students with specific computer-based tools, the ideas and research behind them, and themes for critical thinking about these ideas and tools.

3 credits

Reflective Practice — CRCRTH 688

Reflective practitioners in any profession pilot new practices, take stock of outcomes and reflect on possible drections, and make plans to revise their practice accordingly. They also make connections with colleagues who model new practices and support the experimenting and practice of others. Students in this course gain experiences and up-to-date tools for reflective practice through presentations, interactive and experiential sessions, and, optionally, supervised pilot activities in schools, workplaces, and communities.

3 credits

Action Research for Educational, Professional & Personal Change — CRCRTH 693

This course covers techniques for and critical thinking about the evaluation of changes in educational practices and policies in schools, organizations, and informal contexts. Topics include quantitative and qualitative methods for design and analysis, participatory design of practices and policies in a framework of action research, institutional learning, the wider reception or discounting of evaluations, and selected case studies, including those arising from semester-long student projects.

3 credits

Education

Computers, Technology and Education — EDCG 610

An introduction to using computers and technology in education. The various uses of computers and technology in education are examined in depth as participants are introduced to a wide variety of K-12 educational software and the Internet and explore the pedagogical issues raised by the use of computers for students, teachers, and school administrators. These include consequences for learning, problem solving, organizing data, creativity, and an integrated curriculum. Finally, the course looks at ways in which technology may help facilitate changes in the ways teachers teach and students learn and ultimately may stimulate reform in education. The course has a field component where students observe computer use in the classroom.

3 credits

Prerequisites: Graduate Education students only. Students in the following (sub)plans must obtain permission of instructor: SPED MEd w/o Licensure, MEd w/Initial Licensure, MEd w/Prof Licensure, or Certificate w/Prof Licensure.

Gerontology

DEGREE & CERTIFICATE PROGRAMS

MS in Gerontology: Management of Aging Services Track

Certificate in Gerontology: Focus on Management of Aging Services

ccde.umb.edu/degree/gerontology/

ccde.umb.edu/certificates/gerontology/

For more information, see page 42, 45.

Health and Physical Changes in Aging — GERON GR 611

Those who provide and manage services for the elderly, or are involved in public policy and research concerning the elderly, need knowledge about the physical process of aging. This course describes the physiological changes that accompany the aging process and relates these to social and economic factors that influence health status. Discussion topics include issues of prevention, health promotion and health maintenance, and selected disorders that affect health and independent living.

3 credits

Prerequisite: Graduate student in Gerontology or department permission.

Issues in Aging Policy — GERON GR 623

This course introduces students to the development, implementation, and analysis of social policy in the United States on major issues affecting older people. Income security, health care financing, and long-term care receive major attention. Discussions also focus on the programs mandated by the Older Americans Act; and participants examine the major normative, demographic, economic, and political forces that underlie aging policy.

3 credits

Marketing of Aging Services — GERON GR 645

This course examines marketing principles as applied to aging services organizations. Students will learn about marketing concepts, objectives, and brand names. The course will also explore the current structure of aging organizations in Massachusetts and relate these to current marketing principles and strategies. Students will learn to apply marketing concepts to effectively manage and operate an aging services organization. This course provides students with the opportunity to see how marketing principles and practice come together within the context of various types of aging services organizations in Massachusetts.

3 credits

Service Delivery Issues in Aging — GERON GR 650

This course is concerned with the link between consumers and aging services in setting with well developed formal services. The aim of the course is to provide students with an understanding of the structural problems that underlie the challenges that consumers face in using formal services. The course will cover a wide range of services that older people may need, the complementary relationship between formal and informal services, boundaries issues among service specialties and service professionals, service coordination and integration, and the role of both consumer direction and professional case management in negotiating service systems.

3 credits

Organization and Financing of Aging Services — GERON GR 660

The influences of organizational and financial forces upon aging services are analyzed in this course. Various public (federal and state) and private sources of funding are considered. Three sources of public financing-Medicare, Medicaid, and the Older Americans Act-are examined in depth. The relative strengths of public and private funding are examined with attention to both access and quality issues. The implications of both the financing and organizational forces are considered for several major service modalities, including nursing homes, assisted living, home care, and adult day care.

3 credits

Human Resources & Personnel Management in Aging Services — GERON GR 670

This course is designed to familiarize students with the concepts of human resources management as they are applied tin primarily public, non-profit settings. In particular, the course will focus on human resources and personnel management as applied to the aging services field. The examples used in the course will come from organizations such as nursing homes, assisted living facilities, home health agencies, senior centers and councils on aging. Issues to be addressed will include hiring and supervision, performance appraisal, mentoring, career planning, equal employment opportunity, diversity and collective bargaining. Students will examine job design and pay systems, methods of personnel selection and training, issues of productivity and work hours, team building, effects of government regulations on working conditions and personnel administration.

3 credits

Organizational Theory, Behavior and Aging Services — GERON GR 675

This course examines the evolution of organizational theory from early principles to current approaches and practices. Students will learn about the structure of organizations including internal and external forces. The course will also explore the current structure of aging services organizations in Massachusetts. Students will research the various levels of aging services organizations and their relationships with federal, state and local government agencies and with other local organizations.

3 credits

Financial Management in Aging Services — GERON GR 680

The objective of this course is to introduce principles and applications of healthcare/long-term care financial management based on theory and practices in Accounting and Finance. The course is user oriented and focuses on issues that are important to managers for planning and decision making in the eldercare industry. Given the increased emphasis on financial viability, it is felt that all aspiring managers in any organization, be it for profit or not-for-profit, should have a basic understanding of factors that help improve the financial well being of an organization. For any organization, the three critical elements of financial management are (1) basic knowledge about accounting information, (2) relevant industry factors and (3) principles of economics upon which many types of business decisions are made. Although the user is not aspiring to become a CPA, in order to make informed decisions it is essential to have an understanding of the terminology and techniques of generating and reporting financial information. Also, all organizations work within specific industries and fields and they have to work within the competitive and regulatory environment surrounding that industry that impacts all managerial decisions. This course provides students with the tools to operate within these contexts.

3 credits

Capstone Project Seminar — GERON GR 691

The course guides each master's student through the production to completion of a research project and report. Topics include a critique of unresolved issues in analyses of age, cohort, and period effects; an exposition of theoretical developments in social gerontological theory and their application to the issue of social policy and aging; explication of a research project, including interview training; research problem development, implementation of appropriate research methods for specific problems, and how to prepare a written document that describes the design of the project, the results of the analysis, and conclusions.

3 credits

Prerequisite: GERON 601 and 603. Graduate student in Gerontology.

Instructional Design

DEGREE & CERTIFICATE PROGRAMS

MEd in Instructional Design

Certificate in Instructional Technology Design

ccde.umb.edu/id/med/

ccde.umb.edu/id/certificate/

For more information, see page 42, 46.

Please note: On-campus Instructional Design courses follow a different academic calendar from online courses. The start and end dates for each course are listed in the course matrix on page 10.

Introduction to Instructional Design — INSDSG 601

This course provides an introduction to the cognitive and experiential content of the program, emphasizing the components of the instructional design model. Various instruction design models are analyzed and students are expected to complete, as a final project a learning module micro-design.

3 credits

The Adult as Learner — INSDSG 602

Students are introduced to the body of knowledge concerning adults as learners. This course focuses on the principles of adult education, learning styles, variables that affect adult learning, motivation techniques, appropriate training methodologies, reinforcement of learning, skill transfer, and measurement procedures for identifying learner characteristics.

3 credits

Communication Theory for Organizations — INSDSG 604

This course focuses on the study of communication as applied to instruction design and on theories of media communication. It covers audience variables, systems of media analysis, message structure, environmental factors, and the integration of these elements into an efficient communication model.

3 credits

Prerequisite: INSDSG 601 or permission of instructor.

Information Design and Visual Literacy — INSDSG 608

In this course, students explore the principles of visual literacy and apply them to a variety of instances in instructional design, instructional technology, and information presentation. Topics include the theoretical foundations of visual learning, the role of perception in communication and learning, verbal and visual communication, and visual and information design.

3 credits

Prerequisite: INSDSG 601 or permission of instructor.

Writing for the Business Professional — INSDSG 614

This course is designed to help participants develop effective writing. It provides both analysis of written documents and a theoretical review of professional writing techniques. Assignments emphasize the writing tasks typically required of training and development specialists in any organization. They include the design, assessment, marketing, and evaluation of instruction. Participants develop the skills for effective communication with those outside the organization, and those at all levels within it.

3 credits

Prerequisite: INSDSG 601. Masters in Instructional Design student or permission.

Production of Computer-Based Training — INSDSG 616

A basic course in developing computer-based presentation programs. Through such programs as Hypercard and Powerpoint, students are introduced to state-of-the-art CBT development software. The course addresses user interface design; the execution of common instructional strategies employed in training products; techniques of graphics production (scanners, clip art, and paint programs) and sound production techniques (Macrecorder and Macintalk); and introductory scripting in HyperTalk. The course is project-based: students work in teams to design, make prototypes, and produce simple CBT or multimedia programs.

3 credits

Prerequisite: INSDSG 601 or permission of instructor.

Assessment in the Instructional Design Process — INSDSG 618

This course examines assessment in all phases of the instructional design process, including needs analysis and the various stages of formative and summative evaluation. Topics include various types of data, techniques for data gathering, the construction of questionnaires, a hands-on review of computer programs, and characteristic issues in the analysis and interpretation of assessment. The course also offers practical experience in the use of representative measures and applications.

3 credits

Prerequisite: INSDSG 601. Masters in Instructional Design student or permission.

Design and Instruction of Online Courses — INSDSG 619

This course is for instructors, teachers, trainers, or instructional designers who want to explore the critical success factors in designing and delivering online instruction. Through readings, discussion, and various activities, we will examine the pedagogical implications of technology-mediated learning, the dynamics of the virtual classroom, the elements of effective online course design, as well as the tools and technologies available to create and deliver online instruction design, and to assess student performance. Through group-based and individual project work, we will design and create online lessons. This course will use a range of interactive and collaborative instructional techniques in an effort to provide current or potential online instructors rich firsthand experience of what it is like to be a student learning in an online environment.

3 credits

Prerequisite: INSDSG 601. Masters in Instructional Design student or permission.

Managing The Training Function — INSDSG 630

This course focuses on the requirements for successfully managing an organization's training function. Areas of concentration include building a training department; managing change and stress; delegating; communicating performance expectations; winning management support; and long-range planning. Classes include small and large group instruction, video, participatory exercises, and case studies.

3 credits

Prerequisite: INSDSG 601. Masters in Instructional Design student or permission.

Organizational Development in all Organizations — INSDSG 632

In this course students will discover the dynamics of organizational development in the workplace. Students will explore change interventions and strategies in order to create an environment in which learning can flourish. Students will have opportunity to examine and diagnose problems in order to implement appropriate solutions that will help organizations to achieve the results they want. The program will present both theory and practical application through experiential exercises. Students will explore structural, psychosocial, technical, managerial systems with organizations to apply training and administrative solutions. Students will learn how to be a positive change agent, develop human potential, and support organizational vision, mission and goals.

3 credits

Prerequisite: INSDSG 601. Masters in Instructional Design student or permission.

Planning and Design of Educational Multimedia Programs — INSDSG 640

This course helps students become familiar with the current uses of the video disk and other multimedia, as well as with such delivery platforms for multimedia as SonyViewSystem, IBM M-motion, IBM's DVI, Philips CDI, and with the planning, budgeting, and logistics of video production. Participants learn the range of authoring tools that exist for these systems and their relative advantages. They apply principles of instructional and courseware design and study the practical considerations involved in the production of visual media, as well as writing a design proposal and a multimedia project budget. Using this general design document, students produce specifications for the video, computer program flow, graphic screens, video disk layout, and other effects that translate the original instructional design into a usable program. They also achieve basic proficiency in the use of a popular project management software program.

3 credits

Prerequisite: INSDSG 601 or permission of instructor.

Assessment of Educational Technologies — INSDSG 650

This course on formative and summative evaluation brings the students' practical experience in computers and multimedia together with the study of the ways these technologies get used in the classroom. Students examine the formative evaluation process for technology-based programs in corporate training programs and school curricula. By obtaining feedback from representatives of the target audience in the early stages of a product's development, the developer can assure that it meets goals while staying within its budget. Formative evaluation plans are now required by most funding sources and corporations. Summative evaluation-the evaluation of an educational product at the end of its development process-is a way to determine whether the project has met its goals. Students learn to apply these assessment procedures in a project based on a real-world application.

3 credits

Prerequisite: INSDSG 601. Masters in Instructional Design student or permission.

Project in Multimedia — INSDSG 655

Students work with UMass Boston faculty, teachers in cooperating schools, or sponsoring corporations to make a prototype multimedia application or to produce a planning document for multimedia implementation in the client organization. Students may participate in projects pre-arranged by the instructional technology staff or may generate their own, working individually or in a team.

3 credits

Prerequisite: INSDSG 601 and 617, and graduate degree student.

Capstone Seminar — INSDSG 690

The course provides guidance and a structured environment in which students develop advanced instructional design skill in the context of their capstone project. Based on the nature and complexity of the students' projects, the course deals with such topics as: component display analysis; needs assessment data, analysis and reporting techniques; cognitive flexibility theory; competencies modeling; and self-directed/ learner-centered strategies. Students who have completed eight or more requirements for the Instructional Design MEd should enroll in this course.

3 credits

Independent Study — INSDSG 696

The comprehensive study of a particular topic or area in instructional design, as determined by the needs of the individual student. The student works under the guidance and supervision of the instructor.

3-6 credits

Special Topics: Theory, Design and Practice of Online Synchronous Learning INSDSG 697

Asynchronous E-learning has many benefits including anywhere, anytime learning. However, for some topics and for some learners the immediate feedback of a synchronous session is a better choice. In this course students will learn to use best practices and strategies in the development and delivery of synchronous learning sessions. Students will be introduced to the common tools available in synchronous learning environments, cultivate facilitation skills, and gain practical experience in the design and delivery of synchronous learning sessions. Designing courses to take advantage of the unique aspects of live online synchronous is a challenge many instructional designers and trainers alike face in today's fast paced world of e-learning. This course is designed to introduce the Instructional Design student to practices and strategies for design and delivery of synchronous online learning sessions. Students will take a problem solving approach, to developing effective synchronous learning because each instructional design assignment will present itself as a unique problem to be solved. Students will be introduced to the common tools available in synchronous environments and gain practical experience in design and delivery of synchronous live online programs.

3 Credits

Internship INSDSG 698

The internship is a culminating experience in which the student assumes responsibility for an instructional design and technology project. The student works under the guidance and supervision of both the instructor and the organization for which the project is to be done.

3 credits

Prerequisite: Permission of department.

Nursing

DEGREE & CERTIFICATE PROGRAMS

Post Master's Doctor of Nursing Practice

Gerontology/Adult and Family Practitioner (NP) Post Master's Certificate Program

ccde.umb.edu/degree/doctor_of_nursing/

ccde.umb.edu/certificates/nursepractitioner/

For more degree and certificate information, see page 41, 45.

For further information about how to register with the Nurse Practioner program, please go to ccde.umb.edu/certificates/nursepractitioner/register/

Advanced Pathophysiology NURSNG 614

This course focuses on the analysis, interpretation, and evaluation of pathophysiological processes throughout the lifespan. Relevant research is integrated into evidenced-based nursing practice.

3 credits

Prerequisite: Permission of program director.

Advanced Health Assessment NURSNG 615

This course focuses on the development of advanced practice nursing skills in health assessment for urban populations. Concepts, theories and research on human development, anticipatory guidance, prevention and early detection of risk factors and disease are emphasized. Critical thinking, diagnostic reasoning and communication skills are developed through practice with cases guided vignettes and simulated practice experiences specific to the students area of advanced practice nursing in the college laboratory.

3 credits

Prerequisite: Permission of program director.

Health Policy, Finance, Ethics NURSNG 618

This course is designed to examine how ethical, financial, and health policy issues and concerns are linked in the health care delivery system. The role of the nurse in developing a professional ethical framework, understanding the economic implications of health care, and shaping and formulating health policy will be stressed. Several decision-making models and strategies in health policy, finances, and ethics will be compared. Relevant research in health policy, finances, and ethics will be analyzed.

3 credits

Prerequisite: Permission of program director.

The Role of the Advanced Practice Nurse NURSNG 631

The historical development, scope, and functional roles of the advanced practice nurse are analyzed. Students examine the dynamic relationships among professional organizations, health care trends, and health care policy as they influence the need for advanced practice nursing. Emphasis is placed on acquiring the knowledge and skills to assume leadership roles in the health care system. Related health professions theories, research, and opportunities for implementing changes are emphasized. Critical thinking, group dynamics, leadership skills, and role of the APN as educator are studied and modeled in classroom experiences and course assignments.

3 credits

Prerequisite: Permission of program director.

Advanced Pharmacology NURSNG 634

The course focuses on the role of advanced practice nurses in applying pharmacotherapeutics to the management of health and illness in populations at risk for morbidity and mortality. Students acquire advanced knowledge as a foundation for prescribing and monitoring pharmaceutical and alternative therapeutic agents. Emphasis is placed on synthesis of pharmacokinetics and pharmacodynamics principles for the prevention and treatment of acute and chronic illnesses. Evidence-based outcomes, consensus guidelines, and research studies are critiqued. Ethical, legal, and risk-management issues are discussed.

3 credits

Prerequisite: Permission of program director.

Mental and Psychosocial Health of the Urban Family — NURSNG 637

Multicultural individuals and families at risk for mental and psychosocial problems are considered within the context of urban living. Nursing theory and research is applied to developing processes of care for individuals across the lifespan with mental health and psychosocial problems. Students learn evidence-based care including cognitive-behavioral, psychopharmacological, and non-traditional approaches to psychosocial and related physical problems. Research related to environmental, psychosocial, genetic, economic, family systems, developmental risk factors, drug efficacy and nonpharmacological approaches for individuals with mental and psychosocial illness is investigated. The impact of contemporary health care policy and legislative proposals on quality, cost, and access to care is investigated.

3 credits

Prerequisite: Permission of program director.

Primary Care of Adults — NURSNG 639

Students examine the nursing and health related theory and research applied to the primary care management of adults with episodic and chronic illness. Diagnostic, therapeutic, and pharmacological regimens are examined. Legal, ethical, and health policy issues that impact the delivery of primary health services are integrated. Continued emphasis is placed on developing social cultural sensitivity to the variations in health care needs of urban populations.

3 credits

Prerequisite: Permission of program director.

Primary Care of the Adult/Older Adult Practicum III — NURSNG 672

Students further refine skills in critical thinking and clinical reasoning in the application of theory and research to practice. Assessment, diagnostic, therapeutic, and health teaching strategies are applied to a continuum of health promotion/illness problems, with a focus on the primary care of adults and older adults across the continuum of care. Seminars are grounded in learning the application of theory and research to the domains of practice of the adult/gerontological nurse practitioner, including the management of patient health and illness and the teaching-coaching function of the nurse practitioner and ensuring the quality of health care practices. Interdisciplinary collaborative practice skills are developed. Students develop role competencies under the supervision of nurse practitioner preceptors and faculty in urban health care settings.

6 credits

Prerequisite: Permission of program director.

Primary Care of the Family Practicum II — NURSNG 680

Family nursing theory and research are further integrated as students develop competencies in their role as family nurse practitioner. Under the supervision of nurse practitioners and faculty, students manage and coordinate primary care for multicultural urban families experiencing a continuum of health promotion, episodic, and chronic illness problems. The diagnostic, therapeutic, evaluative, consultative, and teaching functions of the nurse practitioner role are examined within a professional, ethical and legal framework. Skills in collaborative interdisciplinary practice are emphasized. Seminar discussions include an exploration of the health policy issues that influence the delivery of health care to underserved urban families and communities.

6 credits

Prerequisite: Permission of program director.

Primary Care of the Childbearing Family — NURSNG 681

Students integrate research from the pathophysiological, behavioral, social, and nursing sciences. The primary care needs of multicultural families in urban communities are addressed. Problems of women, infants, and children are analyzed within a family nurse practitioner framework for practice. Evidence-based laboratory, diagnostic, therapeutic, and pharmacological plans of care are applied to problem management. Emphasis is placed on developing advanced competence in the management of common health and illness. Health policies, including cost, quality, access to care, and evaluation and management guidelines for reimbursement, are integrated throughout the course.

3 credits

Prerequisite: Permission of program director.

Primary Care of the Family Practicum III and Capstone — NURSNG 682

Students further refine skills in critical thinking in the application of theory and research to practice. Assessment, diagnostic, therapeutic, and health teaching strategies are applied to a continuum of health promotion/illness problems with a focus on the primary care of women, infants, and children. Seminars are grounded in learning the application of theory and research to the domains of practice of the family nurse practitioner, including the management of patient health and illness and the teaching-coaching function of the nurse practitioner and ensuring the quality of health care practices. Interdisciplinary collaborative practice skills are developed. Students develop role competencies under the supervision of nurse practitioner preceptors and faculty in urban health care settings.

6 credits

Prerequisite: Permission of program director.

Health Informatics NURSNG 715

Students learn advanced practice nursing competencies related to computer skills, informatics skill, and informatics knowledge. Application of information theory and computer technology skills is directed towards improving the organization and delivery of healthcare to multicultural populations receiving primary, secondary, and tertiary health care. Health Informatics deals with using technology tools for optimizing the collection, verification and utilization of data that relates to generating knowledge to inform best practices and leadership in both public and private health systems. Students are directed to investigate ways in which information systems can address disparities in health services.

3 credits

Prerequisite: Permission of program director.

Evidence Based Practice II NURSNG 716

In this course students will refine and extend the competencies introduced in Evidence Based Practice I with emphasis on generating evidence for practice in implementing practice innovations. Emphasis will be placed on the evaluation of practice, practice improvement initiatives and the development and utilization of evidence-based practice. The end product of this course will serve as the foundation for the Capstone project in the last year of study.

3 credits

Prerequisite: Permission of program director.

Improving Outcomes: Identification, Interventions, and Evaluation of Quality Improvement Activities NURSNG 722

This course includes review of theoretical frameworks and research methods used to implement quality improvement in health care. Approaches to solving actual problems in clinical settings are considered, with emphasis on patients with chronic illnesses and other vulnerable patient populations. Students gain familiarity with quality improvement techniques from management, policy, and clinical perspectives.

3 credits

Prerequisite: Permission of program director.

Introduction to Biostatistics: Biostatistics I NURSNG 760

This is the first course in a two-semester Biostatistics sequence. The course introduces students to the basic concepts and methods of biostatistics. The course is focused on some fundamental theories of biostatistics and basic methods of statistical inference at a conceptual level. It also covers some important topics in study design, such as different types of study design, sampling methods, sample size, and power calculation. Students will understand the concepts and methods of statistics, and apply them in critiquing literature in the field of clinical and population based research.

3 credits

Prerequisite: Permission of program director.

DNP Internship I NURSNG 761

Theory and evidenced based research are applied with the goal of improving health care outcomes. In supervised clinical experiences, students integrate the role of the DNP into the clinical practice context that includes leadership, consultation, advocacy, and interdisciplinary collaboration. Clinical learning is directed at discovering the history, and contextual evidence, and current strategies related to problems affecting patient safety and the quality of health care services for populations at risk. Emphasis is placed on translating research into practice as a means to improve the delivery of health care. Students investigate clinical problems, and refine the in-depth review of the literature started in Evidenced Based Practice I and further refine the capstone project proposal work commenced in Evidenced Based Practice II.

1 credits

Prerequisite: NURSNG 616, 760 and PBHLTH Informatics. Permission of program director.

Corequisite: NURSNG 716.

DNP Internship III NURSNG 763

In supervised clinical experiences, students continue to develop competence in the role of the DNP including experiences in leadership, consultation, advocacy, and interdisciplinary collaboration, and translation of research and theory into practice. During the third clinical immersion experience, students continue to seek out opportunities to develop professional and scholarly behaviors consistent with the DNP Essentials; Competencies. In conjunction with their advisor and internship facilitator, learning is directed implementing the approved capstone project proposal and developing a scholarly paper that summarizes the state of the science of the problem, the processes to address the problem, and the outcomes achieved.

1 credits

Prerequisite: NURSNG 616, 760, 761, 762 and PBHLTH Informatics. Permission of program director.

Corequisite: NURSNG 716.

Seminar in Health Care Financing NURSNG 772L

This course analyzes historical, current, and proposed policy options in health care financing, including Medicare, health insurance, and issues of provider reimbursement.

3 credits

Prerequisite: NURSNG 703 or permission of instructor. Permission of program director.

Public Affairs

CERTIFICATE PROGRAM

Women in Politics and Public Policy

ccde.umb.edu/certificates/wipp/

For more information, see page 46.

Political Economy of Regional Systems PAF G 636

The general goal of this course is to examine the distinct patterns of regional groupings (Western Europe, Middle East, Southeast Asia, Latin America, North Africa and Mediterranean, Sub-Sahara Africa): the inter-state relations which define the region, with primary focus on political-economic issues; the interplay between regional issues and the broader context of international relations; and the impact of globalization on the political, economic, and cultural aspects of each region. For any one semester, however, within the broader analysis of regional systems, the focus will be on one single region-e.g., the European Union.

3 credits

Prerequisite: Graduate degree student in Public Affairs or Dispute Resolution.

Special Topics:
Understanding Political Systems Worldwide PAF G 697

This course will focus on the variety of governmental power structures that exist in various countries around the world. Part I provides students with an introduction to the role of parliaments/national assemblies, and the branches of government and their functions. Part Two analyzes each of these components from a gender perspective, carefully examining how these power structures affect the status of women. Part Three provides students with real-world knowledge of how to succeed in the political system and legislative process, including walking students through common parliamentarian/congressional procedures. Through this course, students will learn how to effectively work within the political system and legislative process power structures; garnering skills in lobbying, networking, communication, briefing, and writing testimonies. At the end of the course, students will have the opportunity to apply the skills they've learned in an online Parliament simulation. Credit from this course will count toward the 18-credit Women's Leadership in a Global Perspective Graduate Certificate, if all other certificate requirements are met.

3 credits

Prerequisite: Graduate student or permission of instructor.

Special Topics:
Women's Leadership in a Global Perspective PAF G 697

The Women's Political Leadership in a Global Perspective course prepares women for a career in the political arena by helping them develop effective communication and leadership skills. The course combines classroom learning, research, and independent social action projects to give participants a distinctive learning experience that is at once theoretical and practical. The program seeks to expand students' understanding of leadership, policy making, and social change and to encourage them to take responsibility for making change. The course focuses on leadership theories, assessing and developing leadership personality traits, examining leadership styles and sources of power, and ultimately results in each student developing an action plan for self development. We maintain an overarching theme of women's leadership by examining the current global scenario, using facts and figures to explore the successful stories of female leaders around the world, examine the challenges, and interrogate the barriers that women face on the road to political leadership. Credit from this course will count toward the 18-credit Women's Leadership in a Global Perspective Graduate Certificate, if all other certificate requirements are met.

3 credits

Prerequisite: Graduate student or permission of instructor.

Spanish

CERTIFICATE PROGRAM

The Teaching of Spanish

ccde.umb.edu/certificates/teachingspanish/

For more information, see page 46.

Spain: Between Past and Future SPAN 550

This interdisciplinary course introduces students to contemporary Spain. Topics include: literature, art, architecture, music, film, history, politics and society. The course explores Span's most salient 19th, 20th and 21 century social and cultural transformations. Advanced fluency in Spanish required.

About Online Learning

Courses and programs in this bulletin marked with the symbol are available online. UMass Boston has been offering online courses and programs through CCDE for almost a decade, and our online offerings and instructors have won numerous awards. Through UMass Online, the University's systemwide distance learning agency, UMass Boston's online programs reach national and international markets—including China, where a 2008 agreement will make the University of Massachusetts the first foreign university approved to offer online courses and degree programs in China.

If you need further information about UMass Boston online courses, contact Kitty Galaitsis (617.287.7918; katharine.galaitsis@umb edu) or visit ccde.umb.edu/dl.

Online Courses

Our online courses have been developed by UMass Boston faculty and use the Blackboard Vista 4 course management system. Register for these courses just as you would for any other credit course, using the registration form on page 68 following the instructions on page 67. Please be sure that your email address is included and legible.

Registered online students will receive a confirmation of registration in the mail AND a notification about a week before the course is due to start, giving password, Login ID and location of the login gateway website. This notification will come as an email to a campus email address created by UMass Boston for university communications.

Online Degree Programs

- Doctor of Nursing Practice
- MA in Applied Linguistics, ESL & FL Pedagogy Concentration
- MS in Family Therapy Counseling
- MS in Mental Health Counseling
- MS in Rehabilitation Counseling
- MEd in School Guidance Counseling
- MS in Gerontology (Management of Aging Services Track)
- MEd in Instructional Design
- MEd in Special Ed.: Orientation and Mobility
- MEd in Special Ed.: Teacher of Students with Visual Impairments
- MEd: Specialization in Vision Rehabilitation Therapy
- BS in Nursing for Registered Nurses
- Online Degree Completion Program (BA in Community Studies)

Online Certificate Programs

- Frank J. Manning Certificate in Gerontology
- Certificate in Information Technology
- Critical & Creative Thinking (Focus on Creativity at Work)
- Gerontology/Adult and Family Nurse Practitioner (NP) Post Master's Certificate
- Gerontology (Focus on Management of Aging Services)
- Instructional Technology Design
- Instructional Technology for Educators
- Orientation & Mobility
- Vision Rehabilitation Therapy
- Women's Leadership in a Global Perspective

Online Professional Training Programs

- Alcohol/Chemical Dependency Treatment Services
- Critical Thinking in Business
- Information Design and Development
- Performance Management for Government and Non-Profits
- Project Management
- Urban Landscape & Garden Development

Degree & Certificate Programs

Each of the undergraduate and graduate programs described on pages 41-46 leads to a degree or certificate granted by one of the University's colleges. The requirements for these programs can be fulfilled either entirely or in part through courses offered by the Division of Corporate, Continuing and Distance Education.

These degree and certificate programs serve a multitude of needs for a variety of participants: undergraduate and graduate students, working professionals who need to update or expand their qualifications, and those seeking to pursue a new career path.

Please note that students enrolling in a UMass Boston degree or certificate program pay a one-time Combined New Student Fee of $550 for undergraduates; $390 for graduate students.

Doctor of Nursing Practice

The Doctor of Nursing Practice (DNP) is a 39-credit doctoral program at UMass Boston's College of Nursing and Health Sciences, open to applicants holding a master's degree with preparation as family, gerontological, or adult nurse practitioners or as clinical nurse specialists. The DNP is differentiated from the PhD by its focus on developing graduates at the highest level of excellence in nursing practice and clinical leadership. Graduates will gain knowledge and competence in health systems leadership, policy development, and interdisciplinary collaboration to improve health care quality and increase health care access for all populations. Course work and internships focus on preparing graduates with transformational leadership skills in program development and policy change.

Contact Karen Dick (617.287.7538; karen.dick@umb.edu) or visit ccde.umb.edu/degree/doctor_of_nursing

MA in Applied Linguistics: English as a Second Language & Foreign Language Pedagogy Concentrations

This 30-credit program focuses on the acquisition of English as a second or subsequent language, as well as cross-cultural relationships and interethnic communication. Its interdisciplinary core curriculum includes courses in basic and contrastive linguistics, psycholinguistics, sociolinguistics and cross-cultural perspectives, together with courses on teaching methodology for elementary, secondary, and adult education programs. The online program will offer a minimum of three courses each semester. Because students' day and time constraints are not an issue for online teaching, those offerings will allow students to complete within four semesters of matriculation the ten courses required for the degree. Thirty graduate units are required of all degree candidates.

Call 617.287.6000 or email aplingonline@umb.edu.

MS In Family Therapy Counseling

The online MS program in Family Therapy is committed to a vision of strengthening healthy families by preparing ethical and qualified professionals who embrace an inclusive perspective of interconnected systems. The curriculum is comprised of basic professional counseling content and theory and provides comprehensive framework for learning family therapy. It meets the academic and clinical requirements for accreditation from the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE). The courses lead students to view families as entities within larger social systems and promote collaborative, inclusive, and integrative systems approaches. The curriculum offers students in the family therapy track an optimal perspective for supporting individuals, families, and communities in urban environments, and provides them with a framework for developing skills to facilitate dialogue with marginalized individuals, families, and communities. Courses are completed online over a 3-year period; during the second summer, two on-campus courses are completed, lasting two weeks.

Call 617.287.6000 or email enrollment.info@umb.edu.

MS In Mental Health Counseling

The Department of Counseling and School Psychology is offering a master's degree in Mental Health Counseling primarily online. It is a 60-credit master's which meets the academic requirements for licensure in the state of Massachusetts as a Mental Health Counselor (there are additional post graduate clinical experience requirements for licensure). Students complete a series of general counseling courses and courses specific to mental health counseling. In addition, students complete field experiences in mental health settings through the practicum and internship. The field experiences may be completed in local agencies of program students and they will be supervised via conference calls and online chats.

Call 617.287.6000 or email enrollment.info@umb.edu.

MS in Rehabilitation Counseling

The Department of Counseling and School Psychology is offering a master's degree in Rehabilitation Counseling primarily online. It is a 60-credit master's which meets the academic requirements for national certification as a Certified Rehabilitation Counselor. The Program is nationally accredited through the Council On Rehabilitation Education. Students must attend a two week session in late June and early July where they take two clinically based courses. Also, students complete a series of general counseling courses and courses specific to rehabilitation counseling. In addition, students complete field experiences in rehabilitation counseling settings through practicum and internship. The field experiences may be completed in local agencies of program students and they will be supervised via online chats. Scholarships are available for qualified students.

Call 617.287.6000 or email enrollment.info@umb.edu.

MEd In School Guidance Counseling

The Department of Counseling and School Psychology is offering a master's degree in School Guidance Counseling primarily online. It is a 60-credit master's which meets the academic requirements for certification in the state of Massachusetts as a Guidance Counselor. Students complete a series of general counseling courses and courses specific to guidance counseling. In addition, students complete field experiences in school settings through practicum and internship. The field experiences may be completed in local schools of program students and they will be supervised via conference calls and online chats.

Call 617.287.6000 or email enrollment.info@umb.edu.

MS In Gerontology (Management of Aging Services Track)

The Management in Aging Services Track offers students an advanced degree in the growing field of long-term care. This is a new program that will afford professionals in the aging network the opportunity to broaden their perspectives and develop management skills. Students will develop skills in policy development and analysis, program management, administration, and finance with a focus on the aging population. The program requires 30 credit hours, or 10 courses (eight required courses and two electives). Courses will be offered either online or in interactive television (ITV) format. A graduate certificate may be earned by taking 15 hours of relevant course work.

Winner, UCEA Innovative and Creative Program Award (2007); UCEA Outstanding Credit Program Award (2008).

Email Lillian Glickman (lillian.glickman@umb.edu) or Ellen Birchander (ellen.birchander@umb.edu).

MEd In Instructional Design

UMass Boston's MEd Program in Instructional Design offers a practical master's degree that is ideal for career professionals engaged in the education, training, and professional development of adult learners in the workplace. The 36-credit program combines a total of 12 courses and submission of a thesis or capstone project. An independent study and a field experience may be included. Students complete five (5) required courses and choose electives from other offerings within the program or from a wide range of graduate offerings throughout the university.

Call Judith Erdman, Graduate Program Director (617.287.5980; judith.erdman@umb.edu).

MEd in Special Education: Orientation and Mobility

The Department of Curriculum and Instruction is offering a Masters of Education degree in Special Education with a specialization in Orientation and Mobility. The 37-credit online graduate curriculum and resulting degree is regionally accessible across the six New England States with locally-based field experience coordinated throughout the two-year program of study. Students completing the 37-credit web-based curriculum are eligible to sit for the National Professional Certification Examination of the Academy for Certification of Vision Rehabilitation and Education Professionals (ACVREP). Orientation and Mobility Specialists teach safety and confidence in independent travel skills to both children and adults with vision loss.

This program currently offers partial tuition support through the Federal Office of Special Education.

Visit the Northeast Regional Center for Vision Education website: www.nercve.umb.edu or contact the Program office at 617.287.7584 or 617.287.4385.

MEd in Special Education: Teacher of Students with Visual Impairments

The Department of Curriculum and Instruction is offering a Masters of Education Degree in Special Education leading to state licensure as Teacher of Students with Visual Impairments. The 37-credit online graduate curriculum and resulting degree is regionally accessible across the six New England States with locally-based field experience coordinated throughout the two year program of studies. Students completing Massachusetts Department of Education licensure requirements are able to apply for reciprocal licensure in each of the six New England States and each state participating in the NASDTEC interstate licensure agreement. Massachusetts requires demonstrated competency through examination in Literacy, Foundations of Teaching Reading, and General Curriculum for Elementary Education. Additional course work is available to support students needing assistance in these areas.

Winner, UCEA Innovative and Creative Program Award (2003).

This program currently offers partial scholarship support through the Federal Office of Special Education.

Visit the Northeast Regional Center for Vision Education website at www.nercve.umb.edu or Program office at 617.287.7595 or 617.287.4385.

MEd: Specialization in Vision Rehabilitation Therapy

A degree program for those who want to work in a professional setting assisting blind/visually impaired adult populations to integrate compensatory skills and assistive technology that will enable them to live safe, productive, and independent lives.

Contact Laura Bozeman (617.287.4385; laura.bozeman@umb.edu) or visit ccde.umb.edu/degree/vision-rehab-therapy/

Online RN-to-BS Program

The online RN-to-BS program maximizes accessibility and convenience for highly motivated, independent professionals. There is, however, a requirement that students attend a residential orientation prior to the commencement of the online nursing classes; additional residential time is required for four hours during the Health Assessment and Promotion course. Students from out of state should contact the program office to discuss arrangements for completing these requirements at a distance. The Nursing course portion of the program operates on a cohort model, whereby a group of students completes the same program of study over five semesters. The six-credit nursing courses are taught online in the Summer, Fall and Spring sessions. The twenty units of non-nursing general education and elective courses may be satisfied through the Division of Corporate, Continuing and Distance Education (CCDE) with online courses (if available), in a traditional course at UMass Boston, or (with prior approval from the College of Nursing and Health Sciences) at another accredited college or university.

Email RN2BS@umb.edu or call 617.287.7500.

Online Degree Completion Program (BA, Community Studies)

The Online Degree Completion Program allows returning students a flexible and convenient way to finish their degrees. This 30-unit (ten-course) program offers returning students with 90 or more credits the opportunity to earn a Bachelor of Arts in Community Studies—totally online. The requirements for this program have been packaged in such a way that you will benefit from a well-rounded and integrated learning experience that also affords you maximum credit for previously completed coursework no matter what your previous major or area of study. You'll enjoy a program of study that provides a solid foundation in academic skills, as well as an interdisciplinary content focused on contemporary issues in public policy, social sciences and applied liberal arts. This special Community Studies plan is an academically challenging program which examines human communities, their histories and cultures, their identities and values, institutions and economies, as well as their problems and prospects. The content and method of this program are drawn from the social sciences as well as the liberal arts, public policy, ethnic studies and global studies.

Winner, UCEA Innovative and Creative Program Award (2006).

Call 617.287.6000 or email enrollment.info@umb.edu.

Undergraduate Certificates

Frank J. Manning Certificate in Gerontology

This 18-credit, four course certificate program is designed for individuals currently working in or new to the field of Gerontology. This program provides students with an understanding of the aging network and aging process through direct service, research, field placements and advocacy. The Frank J. Manning Certificate in Gerontology is fully integrated with the core curriculum of the UMass Boston College of Public and Community Service's undergraduate program in Gerontology. Both programs are designed to help those interested in the field of Gerontology to augment their current knowledge and skills and to pursue a rewarding career built around issues of aging and public service.

Contact Mary St. Jean (617.287.7330; mary.stjean@umb.edu)

Certificate of Information Technology

The Certificate in Information Technology (CIT) is an introductory program into the information systems discipline. It covers concepts fundamental to the technology and operation of modern information systems, focusing on techniques, tools and methods used today in the development and use of computer-based applications. The program is intended for non-College of Management or non-degree seeking students. Course work involves 6 courses (18 credit hours) after completion of MSIS-IT 105 (Introduction to Computers and Information Systems). Students who complete the program will earn a certificate from the College of Management. Courses for this program will be offered in a mixture of online and on-campus formats.

Contact Jean-Pierre Kuilboer, Chair, Management Science & Information Technology Department, (617.287.7868; jeanpierre.kuilboer@umb.edu) or visit ccde.umb.edu/certificates.

Human Service Practice

This 18-credit certificate program is designed for human service practitioners, affording them an opportunity to participate in courses that are directly related to their work and to apply their learning directly to their practice. Students will apply a professional orientation to the context and core values of human service practice, examine different theoretical models of practice, apply them to their own practice, and establish their own best practices in human service intervention and case management. Students will also have the opportunity to build their academic skills, including critical reading, research, and academic and professional writing.

The program is delivered over a three-semester period. Each semester, students will enroll in one course that addresses two different competencies from the human service curriculum at the College of Public and Community Service (CPCS).

Visit ccde.umb.edu/certificates.

Spanish/English Translation

This two-semester, 12-credit certificate program has been designed to meet the increasing local, national, and international demand for professionals, educators, and students interested in meeting the challenges of modern multicultural, multilingual societies. Participants will explore the history, principles, theory, and practice of oral and written translation. They will practice the techniques of legal, medical, technical, general, and literary translation and learn to use specialized dictionaries and other essential reference materials. They will also improve their knowledge of English and Spanish syntaxes, morphologies, and semantic systems.

The program begins in the fall semester and concludes in the spring semester. It comprises two six-credit courses: SPAN 408, Advanced Techniques and Skills for Translation, and SPAN 409, Advanced Practice of Translation.

Contact Peggy Fitzgerald (617.287.7550; margaret.fitzgerald@umb.edu) or visit ccde.umb.edu/certificates.

Graduate Certificates

ccde.umb.edu/certificates/

Applied Behavioral Analysis

This five-course graduate sequence, offered via ITV at specific sites as well as at the UMass Boston Campus, is designed to enable students to serve as effective practitioners who can assess, design, implement and evaluate applied behavior analysis (ABA) programs by providing them with the knowledge, concepts and skills of basic ABA principles, ethical considerations, generalization strategies, and application to special populations and settings. Students will receive guided practice with each course's content by developing a Case Study that may be course-specific, or continue across several courses. Successful completion of all five courses will meet the coursework requirement to sit for the national Behavior Analyst Certification Board licensing examination.

Winner, UCEA Innovative and Creative Program Award (2004); UCEA Outstanding Credit Program Award (2005)

Contact Mary Brady (617.287.7254; mary.brady@umb.edu) or visit ccde.umb.edu/certificates.

Creative Thinking at Work

This 15-credit graduate certificate in Critical and Creative Thinking trains people to tackle challenging real-life problems, generate new ideas, and take them through to realization in their various educational, professional, artistic, and social settings. A variety of approaches are introduced to invention, dialogue, listening, and teamwork that promote creativity. Certificate students learn to confront ambiguous and complex problems, reflect deeply and bring insights to the surface, transform the giving of feedback into a mutual learning experience, build relationships of trust and enthusiastic acceptance of diverse perspectives, articulate a practical vision, and collaborate in bringing it to fruition.

CCT Certificate students take two core courses, three elective courses, and complete an exit performance as part of one of the courses taken. CCT Master's students, graduate students from other programs, advanced undergraduates, and special students are welcome to enroll in individual courses. Note: M.A. students must get permission from their advisor before registering for online courses and will not be permitted to count more than four online courses from UMass Boston towards their degree.

Contact Peter Taylor (617.287.7636; cct@umb.edu) or visit www.cct.umb.edu/CTAWcert.html

Database Technology

This 12-credit certificate program is geared towards programmers and software professionals who wish to acquire a systematic education in database technology. It provides a solid anchoring in state-of-the-art database technology and trains students to become database application developers or database administrators. A bachelor's degree is required. The candidates should have substantial programming experience; knowledge of databases is not expected.

Contact Elaine Sullivan (617.287.7915; elaine.sullivan@umb.edu) or visit ccde.umb.edu/certificates.

Dispute Resolution

The 18-credit Graduate Certificate in Dispute Resolution is intended for people whose employment requires them to cope with conflict, and who feel that training in negotiation, mediation, or designing conflict resolution mechanisms would be useful. The curriculum focuses on conflict in communities, and in organizations such as state and local government, hospitals, labor groups, universities, courts, corporations, and schools. The program comprises four three-credit courses and the six-credit mediation internship. All courses are taught and supervised by UMass Boston faculty with extensive mediation experience. With approval from the department, units earned in the certificate program can be applied toward the Master of Arts in Dispute Resolution.

Contact the department (617.287.7489; disres@umb.edu) or visit ccde.umb.edu/certificates/disputeres.

Forensic Services

Intended for criminal justice and mental health professionals, this 16-credit graduate certificate program is designed to provide a strong grounding in behavioral sciences, while at the same time offering practical skills and competencies in mental health and criminal justice, which will enable students to serve as effective professionals in a variety of social service environments. Forensic Services broadly encompass criminal investigation, social science research, law, and the workings of related social service systems.

Contact Elaine Sullivan (617.287.7915; elaine.sullivan@umb.edu) or visit ccde.umb.edu/certificates.

Gerontology/Adult and Family Nurse Practitioner (NP) Post Master's Certificate Programs

This 12- or 21-credit certificate program is designed to assist RNs who have an MS degree in nursing to acquire the knowledge and clinical experience that will prepare them to sit for a gerontology, adult, or family nurse practitioner certification examination. Nurses holding current NP certification in adult primary care with 2 or more years of experience may apply for the 12-credit gerontology option or the 12-credit family option. RNs who have an MS in nursing from an accredited institution and 2 years experience in advanced practice nursing may apply for the 21-credit certificate program. Prerequisites include evidence of graduate course work in advanced health assessment, advanced pathophysiology and advanced pharmacology. Applicants who have not yet completed these prerequisites should consult CCDE course bulletins for online course offerings (NURSNG) which fulfill certificate requirements.

Contact Margaret McAllister (617.287.7543; margaret.mcallister@umb.edu) or visit ccde.umb.edu/certificates.

Gerontology (Focus on Management of Aging Services)

The Gerontology Graduate Certificate with a focus in management of aging services is targeted to individuals in the aging network who are looking to upgrade their skills or advance in new directions within the field or for those looking to enter the field. The emphasis will be on making this an easily accessible program through use of regional video teaching sites and online courses. Class scheduling will reflect the needs of a working student population. The certificate may be earned by taking 15 hours of approved course work, including three required courses and two elective courses. Students will have the option of applying these 15 hours toward the 30-hour Management of Aging Services Master's degree program (see page 42).

Contact Lillian Glickman (lillian.glickman@umb.edu) or Ellen Birchander (617.287.7338; ellen.birchander@umb.edu).

Instructional Technology Design

This 15-credit graduate certificate program is designed to meet the increasing challenges created by the high technology training needs of academic, corporate, and public educators. It is intended for instructional designers, training professionals and instructional technologists responsible for the design, development and management of technology-based learning programs. Educators will also find that the coursework in this program will enable them to better serve their audience. Coursework will include a balance of instruction and discussion, lab time and design teams producing multimedia projects..

Contact Judith Erdman (617.287.5980; judith.erdman@umb.edu).

Instructional Technology for Educators

This 15-credit certificate from the Graduate College of Education is designed for in-service teachers who do not seek a master's degree at this time or for those who have already earned an advanced degree. The purpose of the Certificate is to prepare teachers to meet the National Technology Standards of the International Society of Technology and the Performance Indicators for Teachers and the Massachusetts Recommended PreK-12 Instructional Technology Standards. In addition, the coursework is designed to meet the subject knowledge competencies of the Massachusetts Instructional Technology licensure. Graduates of the program will develop a comprehensive performance-based technology foundation that reflects fundamental concepts and skills for using technology to support teaching and learning.

Contact Donna DeGennaro (617.287.7690; donna.degennaro@umb.edu)

Orientation and Mobility

The Certificate Program in Orientation and Mobility (O & M) is a sequence of 28 credits offered through the Graduate Special Education (Vision Studies) Program for those individuals interested in obtaining certification in O & M from the international certification organization the Academy for Certification of Vision Rehabilitation and Education Professionals (ACVREP). The certification program is designed for professionals with a masters degree to provide the specialized assessment and instructional skills needed by teachers to enable children and/or adults with visual impairments to function safely and confidently in a variety of environments while effectively using their remaining senses for orientation.

Contact Laura Bozeman, Program Director, at 617.287.4385 or Paula Kosior, O & M Program Coordinator at 617.287.7584

Teaching of Spanish

This 18-credit graduate certificate program has been designed to address the needs of pre-service and in-service teachers who need to improve or enhance their skills in the field of Spanish. The certificate offers a flexible course of study combining both new and traditional methods of teaching the Spanish language with presentations of geographic and cultural material that reflect the traditions that make up today's Spanish speaking worlds. The certificate program also introduces the latest uses of technology in the classroom and methods of assessment.

Contact Peggy Fitzgerald (617.287.7550; margaret.fitzgerald@umb.edu) or visit ccde.umb.edu/certificates.

Teaching of Writing

This 15-credit graduate certificate program is designed for K-12 teachers and administrators in all subject areas who want to learn strategies to strengthen students' writing and thinking skills, develop expertise in teaching writing and literacy across the curriculum, gain a deeper understanding of literacy learning, and improve their own writing. Participants will examine current readings in composition, literacy and writing pedagogy, share successful teaching practices, develop and implement curriculum, and document the effects of their teaching by collecting and analyzing student work.

Contact Glenn Mitchell, Site Director for the Boston Writing Project (tel: 617.287.7620, fax: 617.287.7664) or visit bwp.umb.edu.

Vision Rehabilitation Therapy

A degree program and graduate certification option for those who want to work in a professional setting assisting adult populations who are blind/visually impaired integrate compensatory skills and assistive technology that will enable them to live safe, productive, and independent lives. Specific areas of instruction taught by Vision Rehabilitation Therapists include communication systems (Braille, use of assistive technology), personal management (physical and emotional well-being and social integration), home management (organization, labeling, shopping, etc.), medical management, and basic orientation and mobility skills.

Contact Laura Bozeman (617.287.4385; laura.bozeman@umb.edu) or visit ccde.umb.edu/certificates/vision-rehab-therapy/.

Women's Leadership in a Global Perspective

Women's Leadership in a Global Perspective focuses on the careful study of 1) governmental structures and political processes internationally; 2) the effects of public policies on women; 3) the formation and implementation of public policies relevant to women; and 4) the roles women have played, as well as the need for their greater involvement, in politics and policy formulation and implementation. Each course emphasizes the skills necessary to be an effective policy makers and resolve conflicts at the organizational, tribal, local, and national level.

Candidates for this leadership development program include women from the "Global South" (Africa, South Asia, the Middle East, and South America) and women from countries in a democratic transition process. Women from other countries around the world are also welcome. Students may enroll in one or more courses; however, successful completion of all six courses is required to gain a graduate certificate from UMass Boston.

Carol Hardy-Fanta
(ph. 617.287.5541; fax: 617.287-5566; cwppp@umb.edu) or visit ccde.umb.edu/certificates/women-leadership/

Women in Politics and Public Policy

The Program for Women in Politics and Public Policy is a two-semester graduate certificate program designed to prepare women to take on leadership roles in government and non-profit organizations, hold political office and pursue advanced degrees, most frequently in law and public policy. The program offers a unique combination of course work in policy analysis and research skills plus career-enhancing internships, advising and professional development activities.

Students in the program earn units from UMass Boston's MA program in American Studies; eligible graduates of the program may be accepted for admission with advanced standing into the American Studies Program, or into the University's MS Program in Public Affairs. The program welcomes applicants of diverse backgrounds with a wide variety of undergraduate majors.

Students are required to complete eighteen units for the certificate: nine units in course work, six units for the internship, and three units through the final case-study project.

AAUW Progress in Equity Award, Honorable Mention (2005) Winner,
UCEA Innovative and Creative Program Award (2005)
UCEA Outstanding Credit Program Award (2006)
Progress in Equity Award, AAUW Massachusetts (2008)

Contact Donna Stewartson (617.287.6785; donna.stewartson@umb.edu) or visit ccde.umb.edu/certificates.

"When I returned to UMass as an adult learner, my whole life started changing. Today...I get an opportunity to help people on a daily basis; what a gift."

Professional Training & Non-Credit Courses

CCDE's **professional training programs** address the educational needs of working professionals who need to acquire specialized knowledge and skills in their field, or who want to prepare themselves for a new career, but who do not need a degree or credit certificate. We offer these programs in fields ranging from substance abuse treatment to urban landscape development.

CCDE non-credit programs include our English as a Second Language programs, which have been offering ESL courses in a variety of formats for over fifteen years, as well as our Graduate Test Preparation courses, which have recently expanded to include a Massachusetts licensure preparation course for K-12 teachers.

Please use the Non-Credit registration form on page 67 when registering for these courses.

Alcoholism/Chemical Dependency Treatment Services

ccde.umb.edu/acdtsp/

The Alcoholism/Chemical Dependency Treatment Services Program (A/CDTSP) offers the highest quality education to persons seeking to begin or advance their careers in the treatment of alcohol and chemical dependence. The program consists of six core courses plus practicum. Depending on their previous educational experience, students may need to complete two additional courses in order to meet licensure requirements.

A/CDTSP is offered in both online and classroom formats, with classes meeting either at the UMass Boston campus or at sites in Plymouth and Framingham. Students can begin the program in either the fall or spring semester. Program coordinators at each site will assist students with their practicum and career planning. Online students can design their path of study based on their individual needs; online courses are offered each semester, and students are welcome to join these online courses in any semester.

Contact Reca Quarles (tel. 617.287.7900, email reca.quarles@umb.edu).

Use and Abuse of Alcohol and Other Drugs in Society

Criminal Justice and Substance Abuse — ACDTSP 018

This course presents the collaboration of substance abuse treatment with the criminal justice system. Individuals facing legal difficulties include those on probation, parole, and in prison settings. The alcohol and drug abuse counselor faces many unique challenges working with this population. Assessment and treatment issues are often complex and must integrate legal sanctions and conditions. Additional challenges occur as the counselor seeks to collaborate with criminal justice professionals, including judges, prosecuting attorneys, lawyers, probation officers, parole officers and police officers. A collaborative team approach creates an environment in which differences complement and support one another. These issues will be addressed in order to prepare the alcohol and drug counselor to work with criminal justice professionals and in correctional settings.

Co-Occurring Disorders: Treating Substance Abuse and Mental Illness — ACDTSP 044

This course will present current theories and treatment strategies for working with individuals with CODs. As mental health and substance abuse treatment settings seek to integrate their treatment approach, many challenges have occurred. The current expectation is that most clients present with both mental health and substance abuse issues and that the counselor has the ability and skills to provide integrated treatment. The development of a co-occurring competency and the application of evidence-based approaches are current expectations of state and federal payers, as well as private insurance. This course will provide an overview of this aspect of treatment and counseling and will guide the student to other resources to gain more information about the changing field of COD treatment.

UMASS BOSTON CAMPUS
Tu 5:30-930pm, W-1-012
Sept 14-Nov 16
K. Marien, Class No 2082

Green Business Practices

How To Green Your Business and Other Organizations **PRFTRN 091**

This course covers three areas that address how to make organizations more environmentally friendly:

- The context for greening organizations by studying the major environmental issues today: climate change, looming water shortages, ocean degradation and the build-up of synthetic chemicals in the environment. You will also study a topic of your own choosing in greater depth.
- How to reduce your own environmental footprint to understand how to green organizations.
- How and why to green businesses.

This course also includes a field trip to a business that has greatly improved its environmental performance. You will see the changes that the business made and attend a lecture by the business's environmental champion, Dan Ruben.

Information Design and Development Certificate

ccde.umb.edu/corporate/

This non-credit, online certificate program offers the fundamentals required for technical communication in the high-tech industry, as well as more advanced topics for developing and delivering effective technical information. The program consists of four (4) required courses, two (2) electives, and an optional internship.

Designing and Developing Content I **INFOTECH 020**

This course describes how to identify and create different types of technical documentation based on principles of audience analysis. Topics also include information design, writing drafts and handling reviews, and basics of usability analysis. You will also learn how to integrate graphics and apply templates to create effective documentation. An overview of common grammar, usage, and writing problems will also be provided.

ONLINE
Sept 13-Dec 6
M. Krupp, Class No 2097
3.5 CEUs, Course fee: $860

User Assistance **INFOTECH 021**

This course covers the many formats and structures of technical information that assist users in understanding and taking advantage of a software or hardware product's functionality. Over the years, many methods have been used to create and deliver technical information to users. This course covers topics such as user interface design, the evolution of authoring tools, and content development to address authoring and delivery needs.

Negotiation Skills for Project Managers

Next offered Spring 2010

This course teaches project managers how to negotiate for resources that are essential to the success of projects: time, money, material, and people. Frequently, project managers are held responsible for the success of a project without having complete control of these resources. Therefore, project managers have to be skilled negotiators and conflict managers to be effective in their roles. 3.5 CEUs are awarded upon completion of the course.

Urban Landscape and Garden Development Certificate

ccde.umb.edu/corporate/urbanlandscape/

This non-credit, online certificate program recognizes the growing interest in the greening of the urban environment and the importance of creating and sustaining green spaces in cities. The focus will be on the urban setting and its public and private green spaces. Special attention will be given to community gardens and the knowlege to create and maintain them.

Content areas include: History of urban landscape design, horticulture, site planning, sustainable design (including water management), and development of community participation.

The program consists of four (4) required courses, two (2) electives, and a required internship.

i Contact Shona Jackson (617.287.6934; shona.jackson@umb.edu).

Introduction to Urban Landscaping — PRFTRN 001

This course consists of a series of topics taught by exciting and experienced faculty. You will explore the history, geography, evolution, influences and future of Boston's landscape as the city and its people grow.

ONLINE
Sept 13-Dec 6
A. Theokas, E. Johnson & A. Post Ergun, Class No 2086
3.5 CEUs, Course fee: $500

How to Read Urban Open Space — PRFTRN 002

The experience of a city is the experience of its open spaces. The course deals not only with parks but plazas, boulevards, squares, etc. The goal of this course is to provide students with a framework for their own critical analysis of open space. What makes a good urban space? What would be its qualities of dimensions and form? What makes bad urban space bad? What makes a "space" a "place"? What do we mean by the term "space" anyway? Which spaces have historically become paradigms? At the end of the course students will apply what they have learned to their own respective urban environments.

ONLINE
Sept 13-Dec 6
A. Theokas, Class No 2087
3.5 CEUs, Course fee: $500

Plant Materials for the Urban Landscape — PRFTRN 003

This course covers the broad palette of plant materials that can be used in an urban setting. You will learn about annuals, perennials, trees, shrubs, and vines. Plants used in specialized gardens such as rock gardens, water gardens, containers, and xeriscapes are studied as well. The course includes topics such as plant identification, using plants in the landscape, native versus exotic and invasive species, and plant hardiness to a range of environmental conditions.

ONLINE
Sept 13-Dec 6
J. Allen, Class No 2088
3.5 CEUs, Course fee: $500

Urban Landscape Design — PRFTRN 005

This course explores the growing impact of landscape architecture on the urban environment. The merger of urban design, landscape architecture and architecture, sometimes referred to as "landscape urbanism", moves beyond the strategic placement of planting material to implications for biodiversity, microclimatology, and ecology. It addresses citywide cultural and ecological concerns. It works across disciplines and emphasizes an understanding of the relationships between natural systems and the cities - between aquatic systems and watersheds, between plants and health. The result is the increasing significance of landscape as a framework for urban form that begins locally and continues at a broader scale. The principles behind and examples of existing urban installations that exemplify this merger of disciplines will be discussed.

ONLINE
Sept 13-Dec 6
A. Theokas, Class No 2089
3.5 CEUs, Course fee: $500

Web Design

Principles of Web Design — PRFTRN 086

This course leads you through the entire Web site creation process, from start to finish, while developing and enhancing your knowledge of Web markup languages (XHTML, CSS), Web design principles, and preparing content for the Web. You will learn how to create accessible Web sites that let users easily and quickly navigate through your information, regardless of browser type, connection speed, or computing platform. Whether you are building a Web site from scratch or redesigning an existing site, the principles presented in this course will help you deliver your Web content in a more interesting, accessible, and visually exciting way.

English as a Second Language (ESL)

ccde.umb.edu/esl/

The programs in English as a Second Language offered by the Division of Corporate, Continuing and Distance Education are designed for individuals seeking to communicate more effectively in English and improve their performance in professional, academic, and social environments. The Division offers day and evening classes for non-native speakers at all levels of language proficiency.

The content and methods used in all courses are chosen to maximize students' language development. Therefore, strong emphasis is placed on language learning skills and strategies, and students' personal and professional interests, needs, and backgrounds are carefully considered. Instruction in each class includes a grammar review at the appropriate level, integrated with practice in listening comprehension, oral expression, reading, writing, vocabulary building, and pronunciation.

i Contact Susan Griffin (susan.griffin@umb.edu, 617.287.7278).

TOEFL and ESL Students - You must register in person with Susan Griffin, 617.287.7278; Office: Wheatley Hall, 1-003.

Assessment and Course Placement

To ensure that students are placed in appropriate courses and levels, they must attend an assessment session. The session consists of several types of tests: grammar, listening and reading comprehension, and a writing sample. There is also an interview with a program instructor.

For evening programs, the assessment session is completed at the first scheduled class meeting. For full-time programs, the assessment process is more comprehensive. Tests are completed over the first few days of the semester, and take place in conjunction with a variety of classroom and orientation activities. Formal classes begin only after the orientation period.

Intensive English Programs

Classes in our Intensive English Programs take place Monday through Friday, mornings and some afternoons, for a total of 24 hours per week. Some sections will meet on two afternoons per week, others on three or four afternoons per week.

UMass Boston will supply an I-20 form enabling students to apply for an F-1 visa for Intensive English programs.

Intensive ESL — ESL-NC 001

The Intensive ESL program is for participants not explicitly interested in matriculation. Coursework will include intensive practice of the basic language skills of listening, speaking, reading, and writing. There will also be formal grammar study at the appropriate level and pace, and exercises in vocabulary building. For participants with more advanced English skills, coursework will include oral presentation and writing projects, in addition to assigned readings and exercises. Reading and writing coursework focuses on topics of interest to participants. Computer lab time is scheduled, and students are offered basic instruction in creating presentations, web pages, and doing web-based research. Students may also choose TOEFL Test Preparation courses.

UMASS BOSTON CAMPUS
Sept 7-Dec 17
Course fee: $4,499

University Preparation — ESL-NC 002

Participants experience an integrated program focused on instruction in university study skills, academic writing, and content-based course work typical of an American university classroom. Qualified students may receive permission to audit regular ongoing university courses. Computer lab time is scheduled, and students are offered instruction in creating presentations, web pages, as well as doing web-based research. Candidates seeking admission to UMass Boston undergraduate programs may submit their work in University Preparation in lieu of a TOEFL exam score. Students who choose this option must receive a favorable evaluation by their instructors, and must submit a portfolio of essays written during their program of study.

UMASS BOSTON CAMPUS
Sept 7-Dec 17
Course fee: $4,499

ESL: Business English Option

ESL: Business English Option will not be offered in Fall 2010

The Business English Option is designed for individuals who wish to focus on the types of English used in the business world. In addition to classes in general English (grammar, writing, reading comprehension, and vocabulary), participants explore topics in management, marketing, finance, management information systems and other topics of interest to business people. Students participate in 20-24 class hours per week and must produce presentations, business plans, and other assignments.

Evening ESL — ESL-NC 004

Evening ESL will not be offered in Fall 2010

The Evening ESL program at UMass Boston offers English as a Second Language classes at three levels: ESL I (high beginner to low intermediate), ESL II (low to high intermediate), and ESL III (high intermediate to advanced). The content and methods used in all courses are chosen to maximize students' language development.

Professional Communication for Non-Native Speakers

Professional Communication for Non-Native Speakers will not be offered in Fall 2010

This course is designed for high-intermediate to advanced non-native speakers of English who seek a growing mastery of both English proficiency and communication skills necessary for success in the professional workplace environment. Class work will focus on oral presentation and short written reports.

TOEFL Preparation — ESL-NC 006

TOEFL Test Preparation is designed for students at intermediate and advanced levels of English proficiency who wish to enhance their ability to achieve the highest possible score. TOEFL study focuses on intensive, comprehensive practice of skills specifically demanded by the TOEFL test to maximize students' chances of scoring well. Students will also take authentic computer-based practice tests in computer labs utilizing software that closely matches the actual test. This course may be extended into a full-time program by special arrangement.

UMASS BOSTON CAMPUS
Sept 21-Dec 17
Class Time & Day: TBA
Course fee: $299

Graduate Test Preparation

ccde.umb.edu/testprep/

Developed in conjunction with the Office of Career Services, these review courses offer preparation for the GMAT, GRE, LSAT, and MTEL. Intensive classroom sessions cover all sections of each exam. Each course involves extensive exam practice, including a full-length practice test given under exam conditions. Throughout the year, all courses meet at our main campus in Boston. The LSAT Test Prep is also offered at our Copley location.

For the latest information, including program dates, please visit our website listed above.

Review for the Graduate Record Examination (GRE) TESTPREP 001

We offer regularly scheduled prep courses; however, the GRE exam is available only online at designated centers. For further information, please call 800-GRE-CALL.

Intensive Math Review for MTEL and Beyond - MTEL 03 - General Curriculum TESTPREP 005

This self-paced course is designed to prepare students to succeed on the new mathematics subtest of the Massachusetts Tests for Educator Licensure (MTEL) General Curriculum 03 exam. It covers all the essential topics to develop a deep understanding of math fundamentals including, functions, algebra, geometry, statistics, probability, word problems, graphing, solving equations, and operations. Each of the eight course modules includes a lesson, quizzes, and practice problems with detailed explanations. Several tools are provided to help students get the most out of their learning, including a glossary, additional practice problems, and diagnostic reports to help identify strengths and weaknesses. A full-length practice exam ensures that students approach the actual MTEL with confidence.

At the end of this course, a student will possess both fundamental computation skills and a comprehensive, in-depth understanding of how to teach mathematics. The student will be confident in their ability to pass the math portion of the MTEL General Curriculum 03 exam.

Please note: Please make sure to include a valid email address when registering for this course. This will be the primary means for the instructor to contact you.

Centers, Institutes & Partnerships

The initiatives on these pages represent some of the ways in which the Division of Corporate, Continuing and Distance Education expands the reach of UMass Boston's mission, forming connections with other educational institutions and audiences—whether locally, regionally, or internationally—in fields ranging from information technology to Chinese language and culture.

= Award-winning = More information

Boston Area Advanced Technological Education Connections (BATEC)

Boston Area Advanced Technological Education Connections (BATEC) is a National Science Foundation-funded Center of Excellence working to develop and promote a coordinated, self-sustaining regional education and workforce development system for IT —one that will attract a diverse student population to IT and IT-enabled careers, promote lifelong learning of technical skills, and support the technology workforce needs of the region.

BATEC is a partnership of UMass Boston, six community colleges, and thirty high school districts, although our events are open to educators from across all regions. Our partners are transforming education to develop the new IT professional for the 21st century by developing curriculum, providing professional development experiences for educators, attracting and advancing a diverse population of technology students, and connecting education, industry and community to promote mutually beneficial partnerships that support career development, lifelong learning and regional economic growth.

Winner, UCEA Innovative and Creative Program Award (2005); UCEA Outstanding Non-Credit Program Award (2006).

Contact Deborah Boisvert (617.287.7295; deborah.boisvert@umb.edu), or visit www.batec.org.

China Program Center

The China Program Center seeks to advance scholarly and business collaborations between China and America through innovative programs including practical training, trade missions, government exchanges, and joint academic ventures. The Center provides tools needed to build successful American-Chinese joint ventures, bringing business and cultural knowledge about the two countries to its audiences through innovative academic courses, training sessions, internships, workshops, and mentorships.

Winner, Associated Industries of Massachusetts Global Outreach Award (2004)

Winner, UCEA New England Innovative and Creative Programming, Mandarin Summer Camp & Programs for Teachers of Chinese (2009)

Contact Wanli Hu, Director (617.287.7292; wanli.hu@umb.edu).

Confucius Institute for Chinese Language and Culture

The University of Massachusetts Confucius Institute at UMass Boston was established in collaboration with Renmin University of China and The High School Affiliated to Renmin University of China, with the sponsorship and authorization of Hanban, the Office of Chinese Language Council International, under the Ministry of Education, China.

The mission of the Confucius Institute is to promote understanding of Chinese language and culture in the communities served by the University. Through courses, conferences, travel, and cultural events, the Institute will provide opportunities for cultural exchange and collaboration between the US and China.

Chinese Language Instruction

Credit courses which intertwine language instruction with cultural awareness, serving students at all skill levels from basic Mandarin for business and travel to more advanced study.

Seminars in Chinese Culture

Cultural seminars that illuminate topics such as the Chinese political system, economic development, values and etiquette, philosophy, and Confucianism in management.

Programs for Teachers of Chinese

Teacher training programs, American cultural awareness training, and professional workshops for teachers of Chinese.

Conferences and Forums

Conferences and forums organized by the Institute will offer platforms for communication between educators and business people from both countries.

Travel

Tours that will bring students, educators and business people from the US to China and from China to the US, providing opportunities to strengthen language skills through immersion and deepen cultural awareness through direct experience.

Contact: Baifeng Sun, Associate Director (tel: 617.287.7291; fax: 617.287.7297; email: baifeng.sun@umb.edu). For updated programming information, visit www.confucius.umb.edu.

Marine Studies Consortium

UMass Boston is a member of the Marine Studies Consortium, an association of Massachusetts higher education and research institutions whose mission is to increase understanding of coastal and marine ecosystems and to promote policies that protect aquatic resources.

The Consortium's undergraduate academic program offers unique learning opportunities in marine and aquatic sciences, environmental policy, and environmental management. Courses are held during the evenings on the campuses of member institutions. Undergraduate academic credit is also available to students from the general public through arrangements with Consortium member schools. The Consortium also provides planning tools that can help solve small-community wastewater management problems.

Getting to UMass Boston

umb.edu/parking_transport/

Directions to UMass Boston

The University is only three miles from downtown Boston and is easily accessible by public or private transportation.

From the north or west: Take the Southeast Expressway to exit 15. Turn left onto Columbia Road. Enter the rotary and take the first right (Morrissey Boulevard). Bear right of the traffic island, following the UMass Boston sign. Proceed past the Boston Globe building. Turn left into the campus.

From the south: Take the Southeast Expressway to exit 14 (near the National Grid tank). Follow Morrissey Boulevard northward to the campus.

Parking

Full details about parking availability and rates, as well as a detailed map of the campus, are available on the Parking Dept. website. Visitors may also obtain automated information at 617.287.5040, or call Customer Service at 617.287.4000.

Public Transportation

Free and frequent shuttlebus service is provided between the University and JFK/UMass Station on the MBTA Red Line. Buses following MBTA Routes 8 and 16 also stop at the University. MBTA Bus #41 stops at the JFK/UMass Boston train station, where students can then board the shuttle bus. For more information, visit www.umb.edu/parking_transport/public.html or call 617.287.5040.

Off-Campus Locations

Throughout the school year, CCDE holds off-campus courses at one or more of the facilities listed below. Please consult the Course Matrix to find out which of our off-campus locations are offering programs during the Fall 2010 semester.

Andover

Greater Lawrence Regional Vocational High School

57 River Road

- I-93 to Exit 45, left onto River Rd.

Bourne

Upper Cape Cod Regional Technical School, 220 Sandwich Road

- North: Rt. 3S to Sagamore Rotary, 1st right onto 6E, first exit ramp, left onto Sandwich Rd.
- East: Rt. 6W to last exit before Sagamore Bridge, 1st left at Adams Street, left on Sandwich Rd.
- South: Rt. 28N to Bourne Rotary, 1st exit off rotary to Sandwich Rd.
- West: Rt. 195E to MA Rt. 25E, over Bourne Bridge, 3rd right off rotary to Sandwich Road.

Braintree

Braintree High School, 128 Town Road

- Interstate 93 to Exit 6 (Route 37), merge onto Granite St., left on Town Road.

Copley Square, Boston

Muriel S. Snowden International School, 150 Newbury Street

- At corner of Newbury and Dartmouth Streets, Back Bay, Boston. MBTA: Take Green Line to Copley station, one block north on Dartmouth Street to Newbury Street.

Dighton

Bristol County Agricultural High School, 135 Center St.

- Rte. 24 to exit 11 (Berkley/Dighton), turn slight right onto Padelford St. (becomes Porter St which becomes S Main St), straight onto Elm St. (becomes Center St.)

Framingham

Mass Bay Community College

19 Flagg Drive

- Mass Pike (I-90) West to Exit 13, Rte 30W to Rte. 126 (Concord St.) Left on Concord St, in .5 mi turn right on Normandy Rd.

Franklin

Tri-County Regional Vocational Technical High School

147 Pond St.

- I-495 to Exit 11A, Rt. 140 S. to Exit 17, left on Old West Central St., becomes Pond St.

Greater New Bedford Regional Vocational High School

1121 Ashley Boulevard

- Rt. 24 to exit 12, south on Rt. 140, exit 6 to Rt. 18 (Ashley Blvd).

Plymouth

Cordage Commerce Center, 36 Cordage Park Circle, Suite #201

- Rte. 3 to Exit 9 (Kingston/N. Plymouth), left onto Main St. (Rte. 3A), Main St. becomes Court St., follow to Cordage Commerce Center.

Wakefield

Northeast Metropolitan Regional Vocational High School,

100 Hemlock Road

- Rte 1 north to Main St. (Melrose/Stoneham) exit, merge onto Main St., Main St. becomes Farm St., right onto Hemlock Rd.

Offices, Services & Resources

Athletics

beaconsathletics.com

Catherine Forbes Clark Athletic and Recreation Center
617.287.7800, M-F 9:00am-5:00pm (swimming hours change monthly).

Beacon Fitness Center M-1, 617.287.6786; M-F 6:00am-8:00pm, S 9:00am-1:00pm

A current, valid UMass Boston ID is required for entrance to all University athletic facilities.

Bookstore

umb.bkstr.com

Campus Center UL, 617.287.5090; M-Th 8:30am-6:30pm; F 8:30am-4:30pm.

Extended hours will be available as a pre-recorded message prior to the first week of classes and can be viewed on the bookstore website.

Cafeteria

umb.edu/campuscenter/student_facility_dining.html

The Campus Center features The Food Court, a cafeteria on the 1st floor, and Atrium Cafe, a take-out cafe on the Upper Level. Other dining options include the McCormack Express, 1st Floor, McCormack Hall, Jazzman's Cafe (a cyber cafe) in the Healey Library and Quinn Market, a self-service cafeteria on the Upper Level of the Quinn Building.

Visit the Dining Services home page for a full list of cafeteria and cafe hours.

Child Care Center

270 Mount Vernon St., 617.287.6195, M-F 7:30am-5:30pm

Computer Labs

umb.edu/it/tech/labs

Central Computer Center, Healey Library UL, 617.287.5220.

Adaptive Computer Lab

Healey Library, LL-019, 617.287.5227. The Adaptive Computer Lab provides computer access for students, faculty, and staff with disabilities.

Disability Services

rosscenter.umb.edu

Campus Center-UL-211, 617.287.7430; M-F 8:30am-5:00pm; other hours by arrangement.

The Lillian Semper Ross Center for Disability Services provides a full range of support services including: note taking, reading on tape, interpreting for students who are deaf, administering exams with accommodation to disability, counseling, and more. Online students with disabilities should contact the Ross Center if accommodation is needed in an online course.

Emergency Cancellations

umb.edu

The University will announce emergency cancellations beginning at 6:00am at the URL above. The University main telephone line, 617.287.5000, will carry a taped announcement when the University is closed or opening late. Radio stations WUMB-FM (91.9), WBZ-AM (1030), and WRKO-AM (680), and television stations WBZ-TV (Channel 4), WCVB-TV (Channel 5), WHDH-TV (Channel 7), and FOX 25 will also carry cancellation announcements 6:00-7:00am, Monday through Saturday. Decisions about cancellations at off-campus sites are made by the local facility, not by the University. Students taking classes at off-campus sites should listen for radio announcements concerning the closing of those locations.

Health Service

healthservices.umb.edu

University Health Services in the Quinn Administration Building offers outpatient medical care, counseling, health education, and mental health programs for all enrolled students.

Please visit the Health Services website or call 617.287.5660 for hours and other information.

Housing Referral Service

umb.edu/students/housing/index.html

CC-3-3400; 617.287.6011; M-Th 9:00am-5:00pm, F, 10:00am-4:00pm

The University's Housing Referral Service, which operates free of charge, maintains listings of Boston-area rooms, apartments, and houses for rent, and listings of students looking for roommates.

Identification Cards

umb.edu/student_affairs/studentlife/id.html

CC-3-3404; 617.287.7957; M-Th, 8:15am-7:00pm., F, 8:15am-5:00pm

Extended hours are held during the first two weeks and first few Saturdays of the semester; extended hours are posted on the website.

Photo identification is required to obtain a UMass Boston student ID. Please call the office or visit the website for a list of acceptable forms of identification. The charge is $10 for the first card (cash or money order; no personal checks) and $15 for a replacement card.

Note: Students taking off-campus and weekend courses receive a special ID card which permits use of Healey Library facilities; it does not provide access to the University's athletic facilities, health services, or fee-supported student activities.

Library

lib.umb.edu

Joseph P. Healey Library, 617.287.5900; M-Th, 8:00am-11:00pm; F, 8:00am-7:00pm; S 9:00am-5:00pm; Su, 11:00am-7:00pm. Hours may vary during holidays, intersessions, and vacations; for current hours and other assistance please visit the library website or call the number above.

For information on access to library resources for online students, visit ccde.umb.edu/dl and click on "Frequently Asked Questions."

Public Safety

publicsafety.umb.edu

Administrative Office and Communications Center, Quinn-Plaza Level, 617.287.7799. For routine service requests for police and security services, dial 617.287.7799, 7.7780, or 7.7781.

For emergencies on campus, dial 911 (cell phones: 617.287.7777)

Student Email

umb.edu/it/comm/mail/student_email

All students receive a default email account through which the university will convey important notices and messages. It is essential that students thoroughly familiarize themselves with usage of this account.

Student Life Office

umb.edu/student_affairs/studentlife

CC-3-3404, 617.287.7950; M-Th 8:15am-7:00pm, F, 8:15am-5:00pm

The Student Life Office presents a variety of social and cultural programs throughout the year, sells discounted movie tickets and more.

Tutorial Services

academicsupport.umb.edu

Office of Academic Support Programs, CC-1-1300, 617.287.6550; M-F 9:00am-5:00pm.

Veterans Services

CC-4-4100, 617.287.5875; M-F 8:30am-5:00pm

Assistance is available to veterans in obtaining their educational benefits and resolving related problems. Contact Gus St. Silva, Veterans Resource Center Coordinator, for more information: augusto.stsilva@umb.edu.

Academic Information

Eligibility for Enrollment

Undergraduate courses

UMass Boston undergraduate credit courses are open to: 1) students who may be considering matriculation into a degree program at UMass Boston or elsewhere; 2) students matriculated at other institutions who will use UMass Boston credits to meet degree requirements at their home institutions; and 3) matriculated UMass Boston students. Anyone who has graduated from high school or who has earned a high school equivalency certificate is invited to begin or continue taking courses at UMass Boston. Please see the regulations below governing academic retention standards for matriculated and non-matriculated students.

Before registering for undergraduate courses, you should know that the University assumes that students registering for these courses will accurately assess their ability to do college-level work.

Specific CLA/CSM Requirements

Many courses described in this publication fulfill CLA and CSM distribution requirements. These courses are identified in the Course Matrix and the course descriptions. Although they are open to non-matriculated students, all of these courses meet specific requirements for matriculated CLA and CSM students. To be sure of taking distribution courses that will meet their degree requirements, all CLA and CSM matriculated students should, before registering, pick up advising materials concerning distribution requirements from the University Advising Center (Campus Center, 1st floor, room 1280; 617.287.5500).

Please note that distribution requirements for students who have matriculated in or after fall 2002 are different than for those who matriculated earlier. If you matriculated before fall 2002, please consult your academic adviser to be sure you are meeting your requirements.

Courses whose numbers are followed by "G" are First-Year or Intermediate Seminars that count towards the critical analysis requirement of the CLA/CSM General Education curriculum.

Materials concerning the CLA/CSM writing proficiency requirement are available from the Core Curriculum Office, CC-2-2100; 617.287.6330.

Graduate Courses

Students who have not formally been admitted into UMass Boston graduate programs may enroll in graduate courses offered through CCDE, providing they hold a bachelor's degree and meet course prerequisites. Up to six credits earned in courses taken before admission to a graduate degree or certificate program may be counted toward the requirements for that program, with the permission of the program director; however, completion of these courses does not imply admission to the program. Some courses require permission from the appropriate graduate program director(s); this is indicated in the individual course listings. If you need permission to enroll, you can learn what procedure to follow by calling the appropriate program office at one of the numbers listed below.

Applied Linguistics	617.287.5760
Applied Sociology	617.287.6252
Boston Writing Project	617.287.7665

Spanish	617.287.7550
Special Education	617.287.7620 or 7600
Teacher Education	617.287.7625 or 7600

Prerequisites and Permission

It is the responsibility of students to meet course prerequisites. If you are uncertain about whether you have met a prerequisite, you should contact the appropriate academic department or program.

Certain courses, as their descriptions indicate, cannot be taken without special permission. If you need such permission, you can learn what procedure to follow by calling the Registration Information line at 617.287.6200. Be sure that the appropriate initials appear in the "Faculty Initials" column on your registration form.

Academic Standing

ccde.umb.edu/moreinfo/academic/standing/

Students enrolled in CCDE courses must maintain a required 2.00 cumulative average to be considered in Academic Good Standing. With any subsequent semesters in which the cumulative average falls below 2.00 GPA, CCDE follows University policy by issuing alerts and actions as outlined on our website.

Advising

CCDE Office, W-2-203 ; 617.287.7900

Academic advising is available during the day by appointment.

Auditing

ccde.umb.edu/moreinfo/academic/auditing/

Registrar's Office, CC-4-4100; 617.287.6200

The auditing of certain courses is allowed for graduate students only and requires permission of the instructor; permission is granted on a space-available basis. Instructor approval may be obtained only during the first class session. A completed audit application must accompany a student's registration form. Students may not change their registration from credit to audit or from audit to credit. The auditing fee is the same as the course fee.

Diagnostic Testing

uac.umb.edu/testing/

Testing Center, University Advising Center; CC-UL-133; 617.287.5522

Free diagnostic tests for English (for non-native speakers), Spanish and mathematics courses are held on a walk-in basis, during the dates and times posted as "Related Links" .

Pass/Fail Option

ccde.umb.edu/moreinfo/academic/passfail/

Many courses may be taken on a pass/fail basis. The pass/fail option is limited to one course per semester and one course per summer. UMass Boston students may use the pass/fail option for a maximum of eight courses during their undergraduate careers. Graduate students may not take courses on a pass/fail basis. A course exceeding five units cannot be taken pass/fail.

It is the student's responsibility to decide whether a Pass/Fail option is appropriate for a particular course. Please consult the URL listed above for further details about electing for a Pass/Fall grade and the steps required to request this option.

Before exercising the pass/fail option, students from other institutions should consult an advisor or check their institutional or departmental requirements concerning transfer credit.

Transfer Credit

ccde.umb.edu/moreinfo/academic/transfer/

Students from institutions other than UMass Boston (including other institutions in the University of Massachusetts system) who wish to transfer credits earned in CCDE credit courses should contact their college or university concerning specific transfer requirements.

Please refer to the URL above for additional details.

Transcripts

Requests for official transcripts must be submitted in writing to the Office of the Registrar, University of Massachusetts, 100 Morrissey Blvd, Boston, MA 02125. Students may present their written requests in person at the One Stop, Upper Level Campus Center, by fax at 617.287.6242, by mail, or by using the WISER system, wiser.umb.edu.

Withdrawing from Courses

ccde.umb.edu/moreinfo/academic/withdrawing/

Any student withdrawing from a course after the drop deadline will receive a grade of "W" for that course. Withdrawal forms are available at the One Stop; students may also withdraw from a course using the WISER student self-service system (wiser.umb.edu). A student withdrawing from a course does not receive a refund. Failure to submit a withdrawal form before 6:00pm on the day of the withdrawal period deadline (see Academic Calendar) will result in a grade of "F". Non-attendance does not constitute withdrawal.

Fees & Payments

Course and Service Fees

Course fees

Course fees are included with course descriptions. These fees are typically calculated on a per-credit basis, as follows:

Undergraduate	$320 per credit
Graduate	$445 per credit

In some cases a course fee may be calculated differently because of special costs or a subsidy.

Lab Fees

Lab fees must be paid for certain courses, as indicated in the course matrix to the right of the course fee.

Service Fees

The following fees are paid only by students to whom the specified conditions apply:

Records Fee (for non-matriculated students)	$10
Returned Check Fee (when applicable)	$25

Degree and Certificate Program Fees

The following one-time mandatory fees are paid only by students who are applying to, or are currently enrolled in, a UMass Boston degree or certificate program.

Application Fee (non-refundable)	$60 (residents); $100 (non-residents)
Combined New Student Fee	$550 (undergraduate) $390 (graduate)
Commencement Fee (one-time fee for seniors)	$150

Payments

ccde.umb.edu/moreinfo/registration/payment/

Students may use the following methods to make payment:

Check

Please make checks payable to "UMass Boston."

Payment of course and service fees with a check that is subsequently returned by our bank will result in an additional returned check fee of $25, and may also result in administrative withdrawal and referral to a collection agency, which may result in liability for the payment of a collection fee.

E-check

Tuition and fees can be paid online by E-Check, or Automated Clearing House (ACH), from your checking or savings account. This type of payment results in an electronic debit of your bank account. ACH payments are not subject to a convenience fee. Bank information like routing number, account number, student ID number, and email address are required to complete an ACH payment.

Credit Card

UMass Boston no longer accepts direct credit card payments for course and service fees. If you wish to pay with a credit card, you may do so through SallieMae®. MasterCard, Discover, or American Express cards can be used (Visa cards are not accepted). A service fee (2.50% at the time of this publication) will be charged by SallieMae® on each credit card transaction. Instructions and links for this payment method can be found at wiser.umb.edu.

Cash

After you have enrolled, cash payments can be made at the Bursar's Office, Campus Center, 4th floor, M-Th, 8:00am-4:30pm, F 8:00am-4:00pm).

Payment by Outside Agencies

If the student's charges are to be paid by an outside agency, a payment authorization from that agency is required. Students are reminded that they are liable for course and service fees in the event that the sponsoring agency does not pay them.

Refund Policy

ccde.umb.edu/moreinfo/registration/refund/

Credit courses

A student who drops a credit course will be granted a refund according to the dates listed in the Academic Calendar. Non-attendance does not constitute dropping a course. Students dropping a course may either file a Change of Registration/Refund Request Form at the One Stop or drop the course online at wiser.umb.edu.

Note: International and field study programs have a different refund policy. For details, call 617.287.7278.

Non-credit programs

Refunds will be granted to registered students who withdraw from non-credit programs on the following basis:

Withdrawn on or before second class meeting date: 100% refund

Withdrawn on or before third class meeting date: 50% refund

No refunds will be granted after the third class meeting date.

In the case of programs that have 5 or fewer class meetings, a 100% refund will be granted for withdrawal before the first class meeting. There will be no refunds after the first class meeting.

Refund Procedure

The amount of a refund is computed on the basis of the date the refund request is received by the One Stop (if the request is mailed, the refund is computed from the postmark date).

If a student has made a payment by credit card through SallieMae®, the refund will be returned as a credit to the cardholder's account. Lab fees are not refundable after the first lab meeting.

CCDE no longer mails refund checks to students. The Bursar's office sends an email to the student's UMB account, informing them that their check is available for pickup. Students have the option of requesting that their check be mailed; this request must be made in writing to the Bursar.

Note: If your University account has a balance, your refund will be applied to this balance until it is paid in full.

Course Fee Waiver Policy

ccde.umb.edu/moreinfo/registration/waiver/

The Division of Corporate, Continuing and Distance Education will accept course fee waivers for those persons meeting the eligibility requirements described below, providing the courses they wish to take are adequately supported by fees from paying students, and providing space is available.

Course fee waiver policies apply only at the standard rate of $320 per undergraduate credit and $445 per graduate credit. Thus, in the case of a course with extraordinary costs necessitating a higher than standard course fee, course fee waivers will be granted for only the amount of the standard course fee.

Registration fees, service fees, lab fees, and other mandatory fees must be paid in full.

Original course fee waivers must be submitted directly to Bursar's Office.

Qualified veterans are eligible for course fee waivers under the following conditions:

1 They must be matriculated in a UMass Boston degree program.

2 The course for which the waiver is being used must be a credit-bearing course.

3 To determine eligibility, veterans must present DD 214 (military discharge) to the UMass Boston Veterans Affairs Office located on the 4th floor of the Campus Center (tel. 617.287.5875).

Please Note: The new University of Massachusetts Welcome Home Waiver Program offered to Massachusetts veterans of the Iraq and Afghanistan conflicts does not apply to CCDE courses.

Full-time state employees are eligible for a 50% course fee waiver upon submission of a properly completed "Certificate of Eligibility" at the time of registration.

Full-time employees of public higher education, their spouses, and their dependent children are eligible for a 50% course fee waiver upon submission of a properly completed "Certificate of Eligibility" at the time of registration. This benefit also applies to full-time employees of Essex Agricultural and Technical High School.

This benefit is provided only to individual state employees and other eligible persons as noted above. In the case of a state department or agency co-sponsoring education for its employees, the department is directly responsible to UMass Boston for the full cost of the program.

The Division of Corporate, Continuing and Distance Education cannot honor vouchers issued to cooperating practitioners by the state-funded programs of the University of Massachusetts at Amherst, Boston, Dartmouth, Lowell, or Worcester.

Waivers may not be used for MUSIC 185 Private Music Lessons and other special courses.

Please Note: Due to changes in University policy, the Division of Corporate, Continuing and Distance Education no longer grants waivers to senior citizens.

Registration

When to Register

ccde.umb.edu/credit/fall10/calendar/

Please refer to the Academic Calendar in this bulletin or on our website for important dates and deadlines.

How to Register

Returning students

wiser.umb.edu

If you are a matriculated UMass Boston student or have taken UMass Boston courses before, please use the WISER online self-service registration system.

New Students

If you are taking a UMass Boston course for the first time, you can use any of the following methods to register:

Online

ccde.umb.edu/moreinfo/registration/cart/

Students registering for the first time can submit their registration online using CCDE's Shopping Cart System. Simply click the "Add Course" button found to the right of each individual course listing.

When your registration is processed, you will be given a user ID and password which you can then use to access WISER for future transactions.

Mail & Fax

Registration forms are found at the back of the bulletin and are available for download on the CCDE website. Mail registrations to: UMass Boston, CCDE Registration, Registrar's Office, Campus Center, 100 Morrissey Blvd., Boston, MA 02125-3393 USA. Registrations must be postmarked by the registration deadline for the applicable session. For more info on deadlines, see the Academic Calendar.

You may fax your registration to 617.287.7902. Download the registration form, complete and fax to the number above.

Walk-in

You may register in person at the One Stop Student Service Center, Upper Level, Campus Center. The One Stop is open Monday - Thursday, 8:30am-6:00pm and Friday, 10:00am-4:00pm.

By Permission of Instructor and/or Department

Some courses require special permission to register. These courses are appropriately marked within our website and printed bulletin. Please note that generally following the start of a course, permission of instructor is required in order to register until the add/change deadline of that session. No registrations will be accepted after the add/change deadline.

Note: All registrations are accepted on the basis of available space.

Adding and Dropping Courses

ccde.umb.edu/moreinfo/registration/adddrop/

Students may add or drop courses online via WISER or in person within the registration deadlines (see Academic Calendar).

To add or drop a course in person, by mail or by fax, use a Change of Registration Form (available by download or from the One Stop). Students may add courses until the Add/Change deadline. If a student wishes to register for or add a course after the first class meeting, the appropriate form (Registration Form/Change of Registration Form) must be signed by the instructor(s) of the course(s) added, and returned to the One Stop before the Add/Change deadline (no signature is required when a course is being dropped). To add an online course after the first day of classes, please visit our website for instructor contact information.

Please note an important change in policy regarding dropping courses:

Students who drop courses on or before the Drop deadline will be removed from class rosters, and the course will not appear on their transcripts. Between the Drop deadline and the Add/Change deadline, students who drop a course and add another course at the same time will also be removed from the class roster of the dropped course; however, if a student drops a course without adding another course, this will be treated as a withdrawal and a "W" will appear on the student's transcript for that course.

Cancellations

ccde.umb.edu/moreinfo/registration/cancellation/

The Division reserves the right to cancel underenrolled courses. A student who has registered for a course that is canceled is eligible for a refund (for refund policy, see Academic Calendar, inside front cover). If all courses for which the student has registered are canceled, service fees will also be refunded.
